SIPA Liquidation
(Substantively Consolidated)

Adv. Pro. No. 12-01699 (SMB)

AMENDED COMPLAINT

Irving H. Picard, as trustee (“Trustee”) for the liquidation of Bernard L. Madoff Investment Securities LLC (“BLMIS”), under the Securities Investor Protection Act, 15 U.S.C. §§ 78aaa-III,¹ substantively consolidated with the chapter 7 estate of Bernard L. Madoff (“Madoff”), by and through his undersigned counsel, for his Amended Complaint against defendants (i) Royal Bank of Canada; (ii) Guernroy Limited (“Guernroy”); (iii) RBC Trust Company (Jersey) Limited (“RBC Trust”); (iv) Royal Bank of Canada Singapore Branch (“RBC Singapore”), as successor in interest to Royal Bank of Canada (Asia) Limited (“RBC Asia”); (v) Banque SYZ S.A. (“Banque SYZ”), as successor in interest to Royal Bank of Canada (Suisse) S.A. (“RBC Suisse”); (vi) RBC Dominion Securities Inc. (“RBC Dominion”); and (vii) RBC Alternative Assets, L.P. (“RBC Alternative”) (collectively, “Defendants”),² alleges the following:

I. NATURE OF THE PROCEEDING

1. This adversary proceeding is part of the Trustee’s continuing efforts to recover BLMIS “customer property,” as defined by SIPA § 78III(4), that was stolen by BLMIS as part of the massive Ponzi scheme perpetrated by Madoff and others.

2. The Trustee seeks to recover at least \$77,267,644 in subsequent transfers of BLMIS customer property (the “Transfers”) made to Defendants. Defendants obtained the Transfers by redeeming shares they owned or partnership interests they held in the “BLMIS feeder funds” listed in the chart below. BLMIS feeder funds were single-purpose entities that invested all or substantially all of their assets with BLMIS’s investment advisory business (the “IA Business”):

¹ For convenience further references to SIPA will omit title 15 and be cited as SIPA § ____.

² Allegations made herein as to activities of, or transfers received by, “Defendants” during the relevant time frame are meant to include RBC Asia, as the predecessor in interest to RBC Singapore, and RBC Suisse, as the predecessor in interest to Banque SYZ.

Defendant	BLMIS feeder fund(s)	Transfers
Royal Bank of Canada	<ul style="list-style-type: none"> • Fairfield Sentry Limited (“Fairfield Sentry”) • Rye Select Broad Market Prime Fund LP (f/k/a American Masters Broad Market Prime Fund, L.P., “Rye Prime Fund”) 	<p>\$16,458,547</p> <p>\$938,000</p>
Guernroy	<ul style="list-style-type: none"> • Fairfield Sentry • Rye Select Broad Market Portfolio Limited (f/k/a American Masters Broad Market Fund II Limited, “Rye Portfolio Limited”) 	<p>\$13,025,711</p> <p>\$4,836,009</p>
RBC Trust	<ul style="list-style-type: none"> • Fairfield Sentry 	\$228,459
RBC Singapore as successor to RBC Asia	<ul style="list-style-type: none"> • Fairfield Sentry 	\$2,672,103
Banque SYZ as successor to RBC Suisse	<ul style="list-style-type: none"> • Fairfield Sentry 	\$3,726,744
RBC Dominion	<ul style="list-style-type: none"> • Fairfield Sentry 	\$1,958,206
RBC Alternative	<ul style="list-style-type: none"> • Rye Prime Fund • Rye Select Broad Market Fund LP (f/k/a American Masters Broad Market Fund, L.P., “Rye Broad Market” and together with Rye Prime Fund and Rye Portfolio Limited, the “Rye Select Funds”) 	<p>\$15,346,605</p> <p>\$18,077,260</p>

3. Defendants also invested in, and in certain cases received transfers out of, other BLMIS feeder funds; such transfers are not being sought in this Amended Complaint.

4. At all relevant times, each Defendant was part of the worldwide Royal Bank of Canada enterprise, consisting of Defendant Royal Bank of Canada and its subsidiaries, all of which operated under the master brand name “RBC” (the enterprise collectively, “RBC”). Defendant Royal Bank of Canada was the 100% parent of each other Defendant.

5. RBC operated through a number of business units, including the RBC Capital Markets/Alternative Assets group (together with its predecessors, the “RBC Cap/Alt group”), which was centered in New York and had a global presence. The RBC Cap/Alt group was responsible for due diligence and risk management for RBC’s hedge fund and other alternative asset investments, including its BLMIS feeder fund investments.

6. By the late 1990s, high-level RBC Cap/Alt executives had conducted in-depth due diligence on BLMIS and recognized the impossibility of BLMIS’s trading and performance—including BLMIS’s consistent positive returns uncorrelated with the stock market, lack of any significant losses during its entire history, and impossibly large volume of options trading. As detailed by one such senior executive, he and his colleagues knew that these impossibilities represented the tell-tale signs of, in that executive’s words, “a fraud.”

7. These executives met with Madoff in 1997 and confronted him about these and other indicia of fraud they saw. Madoff was unable to provide any legitimate explanations, and they left the meeting convinced that BLMIS was a fraud.

8. Other RBC executives reached similar conclusions. RBC set a policy that it would not lend funds to investors seeking to leverage their BLMIS-related investments.

9. However, when it came to investing for their clients in the BLMIS feeder funds, Defendants ignored what they and the RBC organization knew about BLMIS. For over a decade, right up until the revelation of the fraud, they promoted investments into numerous BLMIS feeder funds and funneled hundreds of millions of dollars of investments for clients into those funds.

10. Defendants were content to ignore what they knew about BLMIS so long as only their clients’ investments were at risk. Year after year, Defendants disregarded RBC’s stringent

due diligence standards. Instead, the RBC Cap/Alt group churned out perfunctory and meaningless “due diligence reports” which, despite their name, simply summarized the trading and performance information fed to it by the BLMIS feeder funds. These reports never mentioned the conclusions of RBC’s executives, or that RBC had, as was referred to in the industry, “blacklisted” Madoff for certain investment purposes.

11. At the same time, and up until the fraud was revealed, Defendants and RBC Cap/Alt received and reviewed BLMIS feeder fund documents for their clients’ investment portfolios containing the same trading impossibilities and other indicia of fraud that had convinced RBC to effectively blacklist BLMIS—impossibilities that became even more glaring as time went on. As summarized by an RBC Cap/Alt Managing Director (post-revelation of the fraud): “I reviewed many Madoff feeders over the years [at RBC] and based on commonsense alone and some pretty obvious factors had identified a lot of red flags.”

12. By providing coveted BLMIS feeder fund investment opportunities on a large scale, Defendants grew and increased the profitability of their private banking and wealth management businesses and profited from the fees they received from both their clients and the BLMIS feeder funds. Defendants’ BLMIS feeder fund business was also a boon to the individual bankers involved, constituting a lucrative source of revenue and reputational benefits.

13. Because Defendants received the Transfers knowing that BLMIS was a fraud or at the very least willfully blind to facts suggesting a high probability of such fraud, the Trustee is entitled to recover the Transfers from Defendants.

II. BACKGROUND, THE TRUSTEE, AND STANDING

14. On December 11, 2008 (the “Filing Date”), Madoff was arrested by federal agents for criminal violations of federal securities laws, including securities fraud, investment adviser

fraud, and mail and wire fraud. Contemporaneously, the Securities and Exchange Commission (the “SEC”) commenced the District Court Proceeding.

15. On December 15, 2008, under SIPA § 78eee(a)(4)(A), the SEC consented to combining its action with an application by the Securities Investor Protection Corporation (“SIPC”). Thereafter, under SIPA § 78eee(a)(4)(B), SIPC filed an application in the District Court alleging, among other things, that BLMIS could not meet its obligations to securities customers as they came due and its customers needed the protections afforded by SIPA.

16. Also on December 15, 2008, Judge Stanton granted SIPC’s application and entered an order pursuant to SIPA, which, in pertinent part:

- (a) appointed the Trustee for the liquidation of the business of BLMIS pursuant to SIPA § 78eee(b)(3); and
- (b) removed the case to this Court pursuant to SIPA § 78eee(b)(4).

17. By orders dated December 23, 2008 and February 4, 2009, respectively, this Court approved the Trustee’s bond and found that the Trustee was a disinterested person. Accordingly, the Trustee is duly qualified to serve and act on behalf of the estate.

18. On April 13, 2009, an involuntary bankruptcy petition was filed against Madoff, and on June 9, 2009, this Court substantively consolidated the chapter 7 estate of Madoff into the SIPA Proceeding.

19. At a plea hearing on March 12, 2009, in the case captioned *United States v. Madoff*, Case No. 09-CR-213(DC), Madoff pleaded guilty to an 11-count criminal information filed against him by the United States Attorney for the Southern District of New York. At the plea hearing, Madoff admitted he “operated a Ponzi scheme through the investment advisory side of [BLMIS].”

20. On July 16, 2009, this Court entered an order granting the Trustee's motion to retain Windels Marx Lane & Mittendorf, LLP as special counsel on behalf of the consolidated estate, nunc pro tunc as of June 9, 2009.

21. At a plea hearing on August 11, 2009, in the case captioned *United States v. DiPascali*, Case No. 09-CR-764 (RJS), Frank DiPascali, a former BLMIS employee, pleaded guilty to a ten-count criminal information charging him with participating in and conspiring to perpetuate the Ponzi scheme. DiPascali admitted that no purchases or sales of securities took place in connection with BLMIS customer accounts and that the Ponzi scheme had been ongoing at BLMIS since at least the 1980s.

22. At a plea hearing on November 21, 2011, in the case captioned *United States v. Kugel*, Case No. 10-CR-228 (LTS), David Kugel, a former BLMIS trader and manager, pleaded guilty to a six-count criminal information charging him with securities fraud, falsifying the records of BLMIS, conspiracy, and bank fraud. Kugel admitted to helping create false, backdated trades in BLMIS customer accounts beginning in the early 1970s.

23. On March 24, 2014, Daniel Bonventre, Annette Bongiorno, JoAnn Crupi, George Perez, and Jerome O'Hara were convicted of fraud and other crimes in connection with their participation in the Ponzi scheme as employees of the IA Business.

24. As the Trustee appointed under SIPA, the Trustee is charged with assessing claims, recovering and distributing customer property to BLMIS's customers holding allowed customer claims, and liquidating any remaining BLMIS assets for the benefit of the estate and its creditors. The Trustee is using his authority under SIPA and the Bankruptcy Code to avoid and recover payouts of fictitious profits and/or other transfers made by BLMIS or Madoff to customers and others to the detriment of defrauded, innocent customers whose money was

consumed by the Ponzi scheme. Absent this and other recovery actions, the Trustee will be unable to satisfy the claims described in subparagraphs (A) through (D) of SIPA § 78fff-2(c)(1).

25. Pursuant to SIPA § 78fff-1(a), the Trustee has the general powers of a bankruptcy trustee in a case under the Bankruptcy Code in addition to the powers granted by SIPA pursuant to SIPA § 78fff(b). Chapters 1, 3, 5 and subchapters I and II of chapter 7 of the Bankruptcy Code apply to this proceeding to the extent consistent with SIPA pursuant to SIPA § 78fff(b).

26. The Trustee has standing to bring the avoidance and recovery claims under SIPA § 78fff-1(a) and applicable provisions of the Bankruptcy Code, including 11 U.S.C. §§ 323(b), 544, and 704(a)(1), because the Trustee has the power and authority to avoid and recover transfers under Bankruptcy Code sections 544, 547, 548, 550(a), and 551, SIPA §§ 78fff-1(a) and 78fff-2(c)(3), and N.Y. C.P.L.R. 203(g) and 213(8).

III. BLMIS, THE PONZI SCHEME, AND MADOFF'S INVESTMENT STRATEGY

A. BLMIS

27. Madoff founded BLMIS in 1960 as a sole proprietorship. In 2001, Madoff registered BLMIS as a New York limited liability company. At all relevant times, Madoff controlled BLMIS first as its sole member and thereafter as its chairman and chief executive.

28. In compliance with 15 U.S.C. § 78o(b)(1) and SEC Rule 15b1-3, and regardless of its business form, BLMIS operated as a single broker-dealer from 1960 through 2008. Public records obtained from the Central Registration Depository of the Financial Industry Regulatory Authority Inc. reflect BLMIS's continuous registration as a securities broker-dealer from January 19, 1960 through December 31, 2008. At all times, BLMIS was assigned CRD No. 2625. SIPC's Membership Management System database also reflects BLMIS's registration with the SEC as a securities broker-dealer from January 19, 1960 through December 31, 2008. On December 30, 1970, BLMIS became a member of SIPC and continued its membership without

any change in status until the Filing Date. SIPC membership is contingent on registration of the broker-dealer with the SEC.

29. For most of its existence, BLMIS's principal place of business was 885 Third Avenue in New York City, where Madoff operated three principal business units: a proprietary trading desk, a broker-dealer operation, and the IA Business.

30. BLMIS's website publicly boasted about the sophistication and success of its proprietary trading desk and broker-dealer operations, which were well known in the financial industry. BLMIS's website omitted the IA Business entirely. BLMIS did not register as an investment adviser with the SEC until 2006, following an investigation by the SEC, which forced Madoff to register.

31. For more than 20 years preceding that registration, the financial reports BLMIS filed with the SEC fraudulently omitted the existence of billions of dollars of customer funds BLMIS managed through its IA Business.

32. In 2006, BLMIS filed its first Form ADV (Uniform Application for Investment Adviser Registration) with the SEC, reporting that BLMIS had 23 customer accounts with total assets under management ("AUM") of \$11.7 billion. BLMIS filed its last Form ADV in January 2008, reporting that its IA Business still had only 23 customer accounts with total AUM of \$17.1 billion. In reality, Madoff grossly understated these numbers. In 2008, BLMIS had over 4,900 active customer accounts with a purported value of approximately \$68 billion in AUM. At all times, BLMIS's Form ADVs were publicly available.

B. The Ponzi Scheme

33. At all relevant times, Madoff operated the IA Business as a Ponzi scheme using money deposited by customers that BLMIS claimed to invest in securities. The IA Business had no legitimate business operations and produced no profits or earnings. Madoff was assisted by

several family members and a few employees, including Frank DiPascali, Irwin Lipkin, David Kugel, Annette Bongiorno, JoAnn Crupi, and others, who pleaded to, or were found guilty of, assisting Madoff in carrying out the fraud.

34. BLMIS's proprietary trading desk was also engaged in pervasive fraudulent activity. It was funded, in part, by money taken from the IA Business customer deposits, but fraudulently reported that funding as trading revenues and/or commissions on BLMIS's financial statements and other regulatory reports filed by BLMIS. The proprietary trading business was incurring significant net losses beginning in at least mid-2002 and thereafter, and thus required fraudulent infusions of cash from the IA Business to continue operating.

35. To provide cover for BLMIS's fraudulent IA Business, BLMIS employed Friehling & Horowitz, CPA, P.C. ("Friehling & Horowitz") as its auditor, which accepted BLMIS's fraudulently reported trading revenues and/or commissions on its financial statements and other regulatory reports that BLMIS filed. Friehling & Horowitz was a three-person accounting firm based out of a strip mall in Rockland County, New York. Of the three employees at the firm, one was a licensed CPA, one was an administrative assistant, and one was a semi-retired accountant living in Florida.

36. On or about November 3, 2009, David Friehling, the sole proprietor of Friehling & Horowitz, pleaded guilty to filing false audit reports for BLMIS and filing false tax returns for Madoff and others. BLMIS's publicly available SEC Form X-17A-5 included copies of these fictitious annual audited financial statements prepared by Friehling & Horowitz.

1. Madoff's Investment Strategy

37. BLMIS purported to execute two primary investment strategies for IA Business customers: the convertible arbitrage strategy and the split-strike conversion strategy (the "SSC

Strategy”). For a limited group of IA Business customers, primarily consisting of Madoff’s close friends and their families, Madoff also purportedly purchased securities that were held for a certain time and then purportedly sold for a profit. At all relevant times, Madoff conducted no legitimate business operations using any of these strategies.

38. All funds received from IA Business customers were commingled in a single BLMIS account maintained at JPMorgan Chase Bank. These commingled funds were not used to trade securities, but rather to make distributions to, or payments for, other customers, to benefit Madoff and his family personally, and to prop up Madoff’s proprietary trading business.

39. The convertible arbitrage investment strategy was supposed to generate profits by taking advantage of the pricing mismatches that can occur between the equity and bond/preferred equity markets. Investors were told they would gain profits from a change in the expectations for the stock or convertible security over time. In the 1970s this strategy represented a significant portion of the total IA Business accounts, but by the early 1990s the strategy was purportedly used in only a small percentage of IA Business accounts.

40. From the early 1990s forward, Madoff began telling IA Business customers that he employed the SSC Strategy for their accounts, even though in reality BLMIS never traded any securities for its IA Business customers.

41. BLMIS reported falsified trades using backdated trade data on monthly account statements sent to IA Business customers that typically reflected impossibly consistent gains on the customers’ principal investments.

42. By 1992, the SSC Strategy purported to involve: (i) the purchase of a group or basket of equities intended to highly correlate to the S&P 100 Index; (ii) the purchase of out-of-

the-money S&P 100 Index put options; and (iii) the sale of out-of-the-money S&P 100 Index call options.

43. The put options were to limit the downside risk of sizeable price changes in the basket. The exercise of put options could not turn losses into gains, but rather could only put a floor on losses. By definition, the exercise of a put option should have entailed a loss for BLMIS.

44. The sale of call options would partially offset the costs associated with acquiring puts, but would have the detrimental effect of putting a ceiling on gains. The call options would make it difficult, if not impossible, for BLMIS to perform as well as the market, let alone outperform the market, because in a rising market, calls would have been expected to be exercised by the counterparty.

45. The simultaneous purchase of puts and sale of calls to hedge a securities position is commonly referred to as a “collar.” The collar provides downside protection while limiting the upside.

46. If Madoff was putting on the same baskets of equities across all BLMIS accounts, as he claimed, the total notional value of the puts purchased and of the calls sold, had to equal the market value of the equities in the basket. For example, to properly implement a collar to hedge the \$11.7 billion of AUM that Madoff publicly reported in 2006 would have required the purchase/sale of call and put options with a notional value (for each) of \$11.7 billion. There are no records to substantiate Madoff’s sale of call options or purchase of put options in any amount, much less in billions of notional dollars.

47. Moreover, at all times that BLMIS reported its total AUM, publicly available information about the volume of exchange-traded options showed that there was simply not enough call or put option notional value to support the SSC Strategy.

48. Sophisticated or professional investors including Defendants knew that Madoff could not be using the SSC Strategy because his returns drastically outperformed the market. BLMIS showed only 16 months of negative returns over the course of its existence compared to 82 months of negative returns in the S&P 100 Index over the same time period. Not only did BLMIS post gains that exceeded (at times, significantly) the S&P 100 Index's performance, it would also regularly show gains when the S&P 100 Index was down (at times significantly). Such results were impossible if BLMIS had actually been implementing the SSC Strategy.

2. BLMIS's Fee Structure

49. BLMIS charged commissions on purportedly executed trades rather than industry-standard management and performance fees based on AUM and profits respectively. By using a commission-based structure instead, Madoff inexplicably walked away from hundreds of millions of dollars in fees.

3. BLMIS's Market Timing

50. Madoff also lied to customers when he told them that he carefully timed securities purchases and sales to maximize value. Madoff explained that he succeeded at market timing by intermittently entering and exiting the market. During the times when Madoff purported to be out of the market, he purported to invest BLMIS customer funds in U.S. Treasury securities ("Treasury Bills") or mutual funds invested in Treasury Bills.

51. As a registered broker-dealer, BLMIS was required, pursuant to section 240.17a-5 of the Securities Exchange Act of 1934, to file quarterly and annual reports with the SEC that

showed, among other things, financial information on customer activity, cash on hand, and assets and liabilities at the time of reporting. BLMIS's reported quarterly and year-end exits were undertaken to avoid these SEC requirements. But these exits also meant that BLMIS was stuck with the then-prevailing market conditions. It would be impossible to automatically sell all positions at fixed times, independent of market conditions, and win almost every time.

52. BLMIS's practice of exiting the market at fixed times, regardless of market conditions, was completely at odds with the opportunistic nature of the SSC Strategy, which does not depend on exiting the market in a particular month.

4. BLMIS Execution

53. BLMIS's execution showed a consistent ability to buy low and sell high, an ability so uncanny that any sophisticated or professional investor, such as Defendants, would know it was statistically impossible.

5. No Evidence of BLMIS Trading

54. There is no record of BLMIS clearing a single purchase or sale of securities in connection with the SSC Strategy at The Depository Trust & Clearing Corporation, the clearing house for such transactions, its predecessors, or any other trading platform on which BLMIS could have traded securities. There are no other BLMIS records that demonstrate that BLMIS traded securities using the SSC Strategy.

55. All exchange-listed options relating to the companies within the S&P 100 Index, including options based upon the S&P 100 Index itself, clear through the Options Clearing Corporation ("OCC"). The OCC has no records showing that BLMIS's IA Business cleared any trades in any exchange-listed options.

6. The Collapse of the Ponzi Scheme

56. The Ponzi scheme collapsed in December 2008, when BLMIS customers' requests for redemptions overwhelmed the flow of new investments.

57. At their plea hearings, Madoff and DiPascali admitted that BLMIS purchased none of the securities listed on the IA Business customers' fraudulent statements, and that the IA Business operated as a Ponzi scheme.

58. At all relevant times, BLMIS was insolvent because (i) its assets were worth less than the value of its liabilities; (ii) it could not meet its obligations as they came due; and (iii) at the time of the transfers alleged herein, BLMIS was left with insufficient capital.

IV. SUBJECT MATTER JURISDICTION AND VENUE

59. This is an adversary proceeding commenced in this Court, in which the main underlying SIPA proceeding, Adv. Pro. No. 08-01789 (SMB) (the "SIPA Proceeding"), is pending. The SIPA Proceeding was originally brought in the United States District Court for the Southern District of New York as *Securities & Exchange Commission v. Bernard L. Madoff Investment Securities LLC, et al.*, No. 08 CV 10791 (the "District Court Proceeding") and has been referred to this Court. This Court has jurisdiction over this adversary proceeding under 28 U.S.C. § 1334(b) and (e)(1), and SIPA § 78eee(b)(2)(A) and (b)(4).

60. This is a core proceeding under 28 U.S.C. §§ 157(b)(2)(A), (F), (H) and (O). The Trustee consents to the entry of final orders or judgment by this Court if it is determined that consent of the parties is required for this Court to enter final orders or judgment consistent with Article III of the U.S. Constitution.

61. Venue in this judicial district is proper under 28 U.S.C. § 1409.

62. This adversary proceeding is brought under SIPA §§ 78fff(b) and 78fff-2(c)(3), 11 U.S.C. §§ 105(a) and 550, and other applicable law.

V. PERSONAL JURISDICTION

63. Defendants are subject to the jurisdiction of this Court pursuant to Bankruptcy Rule 7004 and the United States Constitution, as well as section 302 of the New York Civil Practice Law and Rules, because Defendants purposely availed themselves of the laws and protections of the United States and the State of New York.

64. The Trustee's claims against Defendants arise from business they transacted within New York. Defendants derived significant revenue from New York and maintained minimum contacts and/or general business contacts with the United States and New York in connection with the claims alleged herein.

A. Jurisdiction Over Defendants Independent of the Claims Herein

65. Defendant RBC Alternative is a Delaware limited partnership.

66. Defendant Banque SYZ, a Switzerland-organized company, has voluntarily subjected itself to this Court's jurisdiction by virtue of filing a customer claim with the Trustee (#004677) in connection with the BLMIS SIPA liquidation proceeding.

67. Defendant Guernroy, a Guernsey-organized company, has also voluntarily subjected itself to this Court's jurisdiction by virtue of filing two customer claims with the Trustee (#004415 and #004416).

B. Defendants Knowingly Transacted Business in New York Using New York Bank Accounts

68. Each Defendant knowingly directed funds to be invested with, and then redeemed from, New York-based BLMIS via one or more BLMIS feeder funds, each of which was managed and operated out of New York. Fairfield Sentry was owned, managed, and operated by

Fairfield Greenwich Group (“FGG”), a New York-based *de facto* partnership. The Rye Select Funds were owned, managed, and operated by New York-based Tremont Group Holdings, Inc. (together with predecessors and affiliates, “Tremont”). Rye Broad Market and Rye Prime Fund were U.S. entities, registered in Delaware and operating out of Tremont’s principal office in New York. Rye Portfolio Limited was at all relevant times managed and operated by Tremont’s New York officers and employees out of that same New York office.

69. Every Defendant except for RBC Alternative invested in Fairfield Sentry. These Defendants—Royal Bank of Canada, Guernsey, RBC Trust, RBC Asia (as predecessor to Defendant RBC Singapore), RBC Suisse (as predecessor to Defendant Banque SYZ), and RBC Dominion (collectively, the “Fairfield Sentry Transferee Defendants”)—signed subscription agreements each time they invested. In these agreements, the Fairfield Sentry Transferee Defendants affirmed that they received and read the fund’s information memorandum or private placement memorandum (“PPM”). Based on these documents, the Fairfield Sentry Transferee Defendants knew the following facts indicating that they were transacting business in New York in connection with their Fairfield Sentry investments:

- Fairfield Sentry invested at least 95% of its assets with New York-based BLMIS;
- BLMIS performed all investment management duties for these assets;
- BLMIS was registered with the SEC;
- BLMIS was the executing broker for Fairfield Sentry’s investments, and purportedly operated and executed the SSC Strategy on the fund’s behalf;
- BLMIS’s SSC Strategy purportedly involved the purchase of U.S. equities, U.S. options, and Treasury Bills, and the decisions regarding which U.S. securities to purportedly purchase, and when to make such purchases, were made by BLMIS in New York;
- BLMIS was the custodian of Fairfield Sentry’s investments with BLMIS; and

- BLMIS was “essential to the continued operation of” Fairfield Sentry.

70. Similarly, Defendants that invested in the Rye Select Funds—Royal Bank of Canada, Guernroy, and RBC Alternative—signed subscription agreements each time they invested, in which they affirmed having received and read each fund’s PPM or prospectus. These offering documents provided essentially the same information as Fairfield Sentry’s, including that each fund’s investments in U.S. securities would be custodied in New York by a New York investment adviser using the SSC Strategy.

71. The Rye Select Funds’ investors were informed by the funds’ due diligence questionnaires (“DDQs”) that the funds would be trading in the “U.S. equity market” and related equity index options, and that cash would be held in “U.S. short term treasury bills.” The Rye Select Funds represented in their PPMs and prospectuses that custody of their securities would be held in “a brokerage account with an NASD registered broker dealer” (i.e., BLMIS). Their investors knew that redemptions from this account meant that the investment manager was purporting to liquidate U.S. securities.

72. Defendants Royal Bank of Canada and RBC Alternative conducted most of their BLMIS feeder fund business through Royal Bank of Canada’s New York branch. RBC Cap/Alt group personnel from Royal Bank of Canada’s New York branch met, transacted, and corresponded with New York-based representatives of BLMIS feeder funds on behalf of Royal Bank of Canada and RBC Alternative, including requesting, receiving, and executing investment documents and receiving customer statements.

73. Defendant Royal Bank of Canada in many instances subscribed into, and received its Transfers from, BLMIS feeder funds as “NYROY,” a name it used when operating through its New York branch.

74. Non-party RBC Capital Markets LLC—Defendant Royal Bank of Canada’s New York-based, wholly owned U.S. subsidiary—often acted as designated agent for Royal Bank of Canada with respect to Royal Bank of Canada’s BLMIS feeder fund business.

75. Defendants used New York bank accounts both to remit subscriptions to, and receive the Transfers from, the BLMIS feeder funds, and the Transfers occurred in New York. Specifically:

- Defendant Royal Bank of Canada used an account in an affiliate’s name at Chase Manhattan Bank in New York to receive redemptions from Fairfield Sentry, and an account in the name of its New York branch at JPMorgan Chase Bank in New York to receive redemptions from Rye Prime Fund.
- Defendant RBC Alternative used an account in the name of Defendant Royal Bank of Canada’s New York branch at JPMorgan Chase Bank in New York to receive redemptions from Rye Broad Market and Rye Prime Fund.
- Defendant RBC Singapore’s predecessor, RBC Asia, used an account in an affiliate’s name at JPMorgan Chase Bank in New York to remit subscriptions to, and receive redemptions from, Fairfield Sentry.
- Defendant Guernroy used accounts in its affiliate’s name at Deutsche Bank and JPMorgan Chase Bank in New York to remit subscriptions to, and receive redemptions from, Fairfield Sentry and Rye Portfolio Limited.
- Defendant RBC Trust used an account in its affiliate’s name at Deutsche Bank or JPMorgan Chase Bank in New York to remit subscriptions to, and receive redemptions from, Fairfield Sentry.
- Defendant Banque SYZ’s predecessor, RBC Suisse, used an account in its own name at Deutsche Trust Co. Americas in New York to receive redemptions from Fairfield Sentry.
- Defendant RBC Dominion used an account in Defendant Royal Bank of Canada’s name at JP Morgan Chase Manhattan Bank in New York to receive redemptions from Fairfield Sentry.
- Upon information and belief, based on the foregoing and on the domestic nature of Rye Broad Market and Rye Prime Fund, Defendants that invested in those feeder funds used a New York account to remit subscriptions to those funds.

76. In addition, each Defendant sent its BLMIS feeder fund subscription payments to U.S. bank or correspondent bank accounts of the feeder funds or their agents, from which the funds were ultimately deposited into BLMIS's account at JPMorgan Chase Bank NA in New York.

77. Rye Broad Market and Rye Prime Fund also used New York bank accounts to make redemption payments, including the applicable Transfers, to Defendants Royal Bank of Canada and RBC Alternative, and beginning at least as early as the fall of 2006, Rye Portfolio Limited used a New York bank account to make redemption payments, including the majority of the applicable Transfers, to Guernroy.

C. Defendants Submitted to New York Jurisdiction, Venue, Service of Process, and Law

78. In their Fairfield Sentry subscription agreements, the Fairfield Sentry Transferee Defendants submitted to New York jurisdiction, venue, service of process, and law. Specifically, the Fairfield Sentry Transferee Defendants (i) "agree[d] that any suit, action or proceeding . . . with respect to this Agreement and the Fund may be brought in New York," (ii) "irrevocably submit[ted] to the jurisdiction of the New York courts with respect to any [p]roceeding," (iii) "consent[ed] to the service of process out of any New York court," and (iv) agreed that "[t]his Agreement shall be governed and enforced in accordance with the laws of New York"

79. In their Rye Broad Market and Rye Prime Fund subscription agreements, Royal Bank of Canada and RBC Alternative also submitted to New York jurisdiction, venue, service of process, and law.

VI. DEFENDANTS AND THE RBC CAP/ALT GROUP

80. Defendant Royal Bank of Canada is the 100% indirect parent of each other Defendant (or in the case of Banque SYZ, its predecessor RBC Suisse).

81. Defendant Royal Bank of Canada is a Schedule I bank under the Bank Act (Canada), with its corporate headquarters located at Royal Bank Plaza, 200 Bay Street, Toronto, Ontario M5J 2J5, Canada and its main U.S. office at 3 World Financial Center, 200 Vesey Street, New York, New York 10281. Defendant Royal Bank of Canada is a registered bank with the U.S. Federal Reserve.

82. Defendant Guernroy is a limited company incorporated in Guernsey, Channel Islands, and has a registered office and place of business at PO Box 48, Canada Court, Upland Road, St. Peter Port, Guernsey GY1 3BQ, Channel Islands.

83. Defendant RBC Trust is a private limited company incorporated in Jersey, Channel Islands, and has a registered office and place of business at Gaspé House, 66-72 Esplanade, St Helier, Jersey JE2 3QT, Channel Islands. RBC Trust was named as “Royal Bank of Canada Trust Company (Jersey) Limited” in the Trustee’s original complaint in this action. This Amended Complaint changes the name to “RBC Trust Company (Jersey) Limited” to conform with the Corporate Disclosure Statement filed by Defendants.

84. Defendant RBC Singapore, the successor in interest to RBC Asia, is a limited company incorporated in Singapore, and has its principal office at 8 Marina View #26-01, Asia Square Tower 1, Singapore 018960. RBC Asia is in the process of winding down. On August 22, 2018, the United States Court of Appeals for the Second Circuit granted RBC Singapore’s motion to be substituted in place of RBC Asia as a party in this action. *In re Picard*, No. 17-2992, ECF 1255 (2d Cir. Aug. 22, 2018). In its motion, RBC Singapore “agreed that it shall have and be bound by all liabilities of RBC Asia in connection with the claims pending in this case or otherwise arising out of or relating to any investments in or redemptions of shares of Fairfield Sentry Limited and Fairfield Sigma Limited.” *Id.*, ECF 1223 (2d Cir. July 11, 2018).

85. Defendant Banque SYZ, the successor in interest to RBC Suisse, is a *société anonyme*, a type of joint stock corporation, organized under the laws of Switzerland with its offices located at Rue du Rhône 30, CH-1211 Geneva 11, Switzerland. Banque SYZ acquired RBC Suisse on August 28, 2015, and on December 11, 2015, RBC Suisse was merged into Banque SYZ, as reflected in the Corporate Disclosure Statement filed in this action by Banque SYZ. Banque SYZ thereby assumed all of the assets and liabilities of RBC Suisse, and RBC Suisse ceased to exist. At the time of the merger, RBC Suisse was a *société anonyme* organized under the laws of Switzerland. Banque SYZ is also subject to a separate adversary proceeding by the Trustee, *Picard v. Banque SYZ S.A.* (Adv. Pro. No. 11-02149), unrelated to RBC.

86. Defendant RBC Dominion is a federal corporation organized under the laws of Canada with a registered office address of 200 Bay Street, Royal Bank Plaza, South Tower, 9th floor, Toronto, Ontario M5J 2J5, Canada.

87. Defendant RBC Alternative is a limited partnership organized under the laws of Delaware, and has its principal office at 3 World Financial Center, 200 Vesey Street, New York, New York 10281.

88. Defendants were part of the worldwide RBC enterprise, which operated through a number of business units including the RBC Cap/Alt group. The RBC/Cap Alt group was at all relevant times a business unit whose personnel were responsible for risk management and due diligence on hedge fund and other alternative asset investments, including BLMIS feeder funds, on an enterprise-wide basis, including for Defendants.

89. The RBC Cap/Alt group was comprised of persons employed by or acting on behalf of Defendant Royal Bank of Canada, Defendant RBC Alternative, and non-party RBC Capital Markets LLC (which entity acted and signed BLMIS feeder fund documents as

“designated agent” for Defendant Royal Bank of Canada). RBC Alternative and RBC Capital Markets LLC had no employees outside the RBC Cap/Alt group. To this end, the RBC Cap/Alt group also directly managed and controlled Defendants Royal Bank of Canada’s and RBC Alternative’s BLMIS feeder fund investments.

90. In the foregoing capacities, the RBC Cap/Alt group acted as agent for Defendants with respect to their BLMIS-related investments, and its knowledge and conduct are imputed to Defendants.

VII. RBC AND DEFENDANTS EITHER KNEW, OR SUBJECTIVELY BELIEVED THERE WAS A HIGH PROBABILITY, THAT BLMIS’S IA BUSINESS WAS FRAUDULENT

91. At all relevant times, RBC and Defendants were sophisticated and experienced professionals acting for clients in the high-risk hedge fund investment industry. In that capacity, RBC and Defendants had responsibilities and duties to their clients to safeguard their clients’ interests consistent with their representations and applicable law.

92. In the late 1990s, RBC and Defendants began to make significant investments in numerous BLMIS feeder funds, and the RBC Cap/Alt group conducted due diligence on BLMIS in connection with such investments.

93. Based on this due diligence, RBC and Defendants determined that BLMIS was operating a fraud or at the very least that there was a high probability of same.

A. Robert Picard and His Executive Team at RBC Cap/Alt “Stumble Into” Madoff’s Fraud

94. From the 1990s through 2001, Robert Picard (“RP”) (no relation to the Trustee) was a Managing Director focusing on risk management in the RBC Cap/Alt group in New York and was one of the executives heavily involved with RBC’s BLMIS feeder fund investments and due diligence.

95. Subsequent to the collapse of BLMIS, RP admitted that he and his then-fellow executives in the RBC Cap/Alt group had concluded early on, based on their investigations and expertise in the hedge fund arena, that BLMIS's purported trading could not be real. RP's admissions were extensively quoted in Erin Arvedlund's book *Too Good to Be True: The Rise and Fall of Bernie Madoff*.

96. In 1997, RP and his team of RBC executives began to perform due diligence on BLMIS and Madoff. From this due diligence, RP and his team recognized myriad trading impossibilities and other indicia of fraud with respect to Madoff's purported trading and operations, and RP and his team thereafter held a meeting with Madoff. As detailed by RP, "[w]ithin about fifteen minutes" of meeting Madoff, he realized that he had "stumbled into a fraud."

1. RP and His Team Understood That BLMIS's Consistent Positive Returns and Lack of Statistical Correlation to Its Benchmark Index Were Impossible

97. In preparation for their introduction to Madoff, in or about 1997, RP and his team performed due diligence and sat in "countless meetings," through which they determined, even before meeting Madoff, that things did not add up—or in RP's words, that "something wasn't right."

98. By this time, Defendants (either directly and/or through the RBC Cap/Alt group, which operated across entities) had begun to receive and review numerous BLMIS feeder fund documents, such as weekly or monthly fund performance reports and other documents summarizing the respective funds' strategy and performance history as compared to relevant benchmarks.

99. These documents reported, in great detail, stunningly consistent positive returns which would have been impossible to achieve if BLMIS was actually implementing the SSC Strategy and which RBC and Defendants knew could not be legitimate.

100. Specifically, as highlighted in the BLMIS feeder fund documents, Madoff purported to sell call options, thereby generating cash but limiting the upside potential of the basket of S&P 100 Index stocks he purportedly purchased, and to buy put options, thereby limiting the downside risk of the basket of stocks. The SSC Strategy should have provided investors with an alternative to investing in a traditional S&P 100 Index (or S&P 500 Index, a common substitute benchmark sometimes used by the BLMIS feeder funds; either, the “S&P Index”) fund, with returns not quite as high as the S&P Index returns in a bull market but not quite as poor as the S&P Index negative returns in a bear market.

101. Had Madoff been implementing this strategy, the returns reported by the BLMIS feeder funds and those of the benchmark S&P Index would have been expected to be correlated with each other in both up and down market conditions, with the option collar limiting the upside in up markets, and limiting the downside in down markets.

102. Yet the returns reported by the BLMIS feeder fund documents bore little relationship to the fluctuating returns of the S&P Index, let alone “highly correlating” to the benchmark, as was asserted in Defendants’ BLMIS feeder fund documents.

103. The Rye Select Fund documents in particular from this time period included correlation coefficients and R-squared values (common metrics used by the investment industry), and such calculations revealed this inexplicable lack of correlation. R-squared is a statistical measure representing the portion of one security’s variance that can be explained by another security’s variance. For the period January 1993 through August 1997, Rye Prime Fund, for

example, reported an R-squared value of only 0.21 when compared against the S&P 500 Index, quantifying the fact that BLMIS's reported returns did not move in accordance with those of the market.

104. Ironically, while describing the strategy's supposedly high correlation to the S&P Index in their documents, multiple BLMIS feeder funds were at the same time touting to RP the lack of actual correlation as a reason to invest with them. As recounted by RP, such funds:

would show you a page, a piece of paper with such and such of their funds, and underlying it would be Bernie Madoff. . . . They were all in awe, saying things like, 'This is noncorrelated to the stock market,' meaning it didn't move in tandem with the Dow or S&P 500, and so was a good way to diversify.

105. The BLMIS feeder fund documents not only failed to show a correlation to the funds' purported benchmark—they indicated that unlike the S&P Index, BLMIS almost never lost money, and the purported losses were never significant. The BLMIS feeder funds routinely reported *gains* even when the S&P Index was down. They also posted gains that at times substantially exceeded the S&P Index's performance.

106. The detailed presentations on Rye Broad Market and Rye Prime Fund as produced to the Trustee by RBC set forth, among other things, for the period 1993 to 1997: average annual returns of almost 20%, monthly gains 90% of the time, and not a single quarterly or annual loss. These impossibilities were prominently displayed via multiple graphs and charts highlighting how BLMIS was outperforming the S&P Index with its consistent positive returns.

107. These Rye Select Fund documents also provided the funds' "Sharpe ratios," a key metric used by hedge fund investors to measure a fund's returns relative to its risk. For the period 1993-1997, the funds' reported Sharpe ratios were consistently higher than the ratios for market indices and their peers, indicating impossibly good returns given the very low risk purportedly being taken by the conservative SSC Strategy.

108. BLMIS feeder funds highlighted these inexplicable results as further selling points. As per RP, the BLMIS feeder funds flaunted Madoff's impossibly good performance to him and his team, saying that Madoff "can't lose money," and expressly crediting BLMIS for their windfall returns.

109. RP and his team saw BLMIS's lack of correlation to the S&P Index and consistently good performance as indicia of fraud. As reported by Ms. Arvedlund, "[RP] didn't buy it. At RBC board of directors meetings, he had seen track records like these before"—meaning that, as he knew from experience, such consistent positive returns were tell-tale signs of fraud.

2. RP and His Team Also Understood Madoff Was Lying About BLMIS's AUM and That Based on BLMIS's True AUM, It Could Not Have Been Trading the Necessary Volume of Options

110. RP and his team believed that Madoff was also lying about other facts that made his purported trading impossible. By 1997, RP and his team knew that BLMIS was managing vast sums across multiple BLMIS feeder funds. Yet as RP and his team knew, Madoff was significantly understating BLMIS's AUM. As admitted to Ms. Arvedlund:

RBC bank officials knew that Madoff was always taking in new money and that he had likely grown beyond the \$8 billion in assets he claimed to be running. [RP] figured it was closer to \$20 billion or more.

111. RP and his team knew that it was not in the interests of any legitimate investment advisor to intentionally understate its size or fly under the radar. They also knew, as RP pointed out in his interview with Ms. Arvedlund, that despite its billions in AUM, unlike any other massive hedge fund, BLMIS was inexplicably "never mentioned anywhere as one of the biggest hedge funds on Wall Street."

112. As investment professionals, RP and his team understood that Madoff needed to hide his IA Business' real size because he could not be trading options at the volume or in the manner he purported to be doing. As they knew, the SSC Strategy required the purchase of puts and sale of calls with a notional value equal to the value of the basket of stocks, and so with an AUM of \$20 billion or more, BLMIS was purporting to buy and sell tens of billions of dollars of S&P Index options every time it executed the SSC Strategy on a basket of stocks.

113. RP and his team knew that the Chicago Board Options Exchange ("CBOE"), where such options are typically traded, could not possibly accommodate this volume of options. They also knew that Madoff could not have been using privately negotiated over-the-counter ("OTC") options contracts in lieu of transacting over the exchange—as was sometimes reported to RBC he was doing—because the counterparties in the OTC market would need to offset their own risk with CBOE options, for which there would be insufficient volume.

114. RP and his team also understood and appreciated that BLMIS could not have been regularly entering into private OTC options deals on behalf of its thousands of customers and billions of dollars of AUM, because implementing OTC options transactions on such a scale was operationally impossible. For each one of those thousands of accounts, BLMIS would have had to locate a willing counterparty; address each accountholder's creditworthiness to the counterparty's satisfaction; facilitate the creation of complicated, bilateral agreements between that counterparty and the relevant accountholder; and then regularly adjust each accountholder's collateral vis-à-vis that particular options transaction. Yet as RP acknowledged knowing, hedge fund professionals on Wall Street were not even discussing any business with BLMIS or its options-based strategy.

3. RP and His Team Cemented Their Beliefs About BLMIS

115. As explained by Ms. Arvedlund, as a part of the foregoing diligence, RP and other executives flew to New York in 1997 to meet with Madoff in his offices “to see whether his guaranteed investment strategy was for real.”

116. Upon meeting with Madoff, RP and his executive team’s beliefs about fraud at BLMIS were cemented. As to options in particular, as recounted by RP:

Madoff stuttered when he tried to explain his options strategy, and right away I realized he either didn’t understand it or wasn’t doing what he said he was doing.

117. RP “realized that he had logged hundreds of miles and countless meetings only to have stumbled into a fraud.” Per RP, he thereafter told others his belief that Madoff was a fraud, but that until Madoff was arrested, many “wouldn’t believe it. They said there was no chance he could pull off something like that.”

118. In the wake of *Too Good to Be True* being published, RP put out a statement endorsing the book and confirming that he and his former colleagues had “debunked the legend” of Madoff’s unrivaled trading capabilities “as early as the 1990s.” He emphasized that RBC’s combination of expertise and due diligence made it possible to reach such a determination: “[t]his conclusion was not the result of genius or a lucky guess - it was simply deep market knowledge and in-depth due diligence. . . .”

B. Other RBC Cap/Alt Group Executives Shared RP’s Conclusions

119. Other executives in the RBC Cap/Alt group whose job it was to conduct diligence on BLMIS and its feeder funds shared RP’s conclusions as to BLMIS.

120. In or around 2000, Loren Katzovitz, head of the RBC Cap/Alt group, and Patrick Hughes, an RBC Cap/Alt group managing director, had breakfast with a colleague in the industry, during which they expressed their belief, as recalled by that colleague, that Madoff was

suspicious, that his returns were not in line with the returns of others who were employing his purported strategy, and that this was a red flag. Post-fraud, in 2008, that colleague commented in the online industry forum Nuclear Phynance that these RBC executives had, back in 2000, “agreed [Madoff] was a fraud.” Katzovitz and Hughes worked directly with RP.

121. In or around January 2002, Katzovitz, Hughes, and Kevin Felix, Chief Counsel for the RBC Cap/Alt group, left RBC for investment and advisory firm Guggenheim Partners, LLC (“Guggenheim”). Katzovitz and Hughes founded managed account platform Guggenheim Advisors later that year.

122. Katzovitz and Hughes carried their strong aversion to BLMIS with them to Guggenheim. As noted in a November 2003 internal report by an FGG representative who was marketing FGG funds, Guggenheim Advisors “had their hands tied for the moment, as far as recommending our [Madoff-based] funds” because of a “very negative opinion on Madoff from their alternative investment group based . . . in New York,” whose members had come over to Guggenheim from RBC. In response to the report, an FGG executive explained that “some 6 months” prior he had met with Katzovitz, whom he described as “President of Guggenheim and definit[e]ly one of the gatekeepers.” As stated delicately by this executive to his colleagues, Katzovitz was “very familiar with the option markets and did express some surprise [sic] in Madoff’s ability to make the split strike strategy work so effectively on such a big amount of money.”

123. The former RBC executives held such strong negative views that the FGG representative proposed giving up altogether on trying to sell Fairfield Sentry to Guggenheim Advisors, suggesting instead that FGG try to solicit an investment in Fairfield Chester Global Strategy Fund—a different FGG fund with very limited BLMIS exposure. To the best of the Trustee’s knowledge, Guggenheim Advisors never invested in Fairfield Sentry.

124. RBC Cap/Alt group Managing Director Andrew Timpson also saw and appreciated the indicia of fraud at BLMIS in real time. From 2000 through 2008, Timpson specialized in alternative investments for the RBC Cap/Alt group and, was, in his words, “in charge of all research and due diligence for a \$10 billion portfolio of hedge fund investments.”

125. In an interview subsequent to the revelation of BLMIS’s fraud, Timpson conceded that he “had reviewed many Madoff feeders over the years [at RBC] and based on commonsense alone and some pretty obvious factors had identified a lot of red flags.”

126. In a 2007 internal report on the performance of BLMIS feeder fund Wailea Partners, LP, Timpson and another RBC Cap/Alt executive discussed that Madoff could not possibly have been trading options sufficient to cover his outsized AUM, stating that “[i]f estimates of total Madoff AUM of \$25-\$50bn are accurate, there is a question as to the actual liquidity of these [OTC] contracts which would dwarf the listed market.”

127. Eric Aldous, a Director within the RBC Cap/Alt group, similarly expressed in real-time internal emails his disbelief that Madoff was doing billions of dollars in OTC S&P Index options trading with 15 different counterparties, as was communicated to him by the manager of BLMIS feeder fund Harley International (Cayman) Limited (“Harley”). Openly mocking Harley’s belief in “the power of Madoff,” Aldous ran through a litany of what he saw as red flags as to Madoff’s purported options trading, such as, among other things, the impossibility of documenting and implementing so many OTC options trades, and that Harley had no idea from its trade tickets or otherwise who its own purported counterparties were.

128. As a sophisticated financial professional, Aldous knew that it was industry standard for trade tickets to include counterparty names when options were being traded over the counter, and that Harley, as a matter of market practice, would never be a party to an OTC

options transaction without knowing even the name of the trade counterparty (or vice versa). Aldous also knew that if BLMIS's billions of dollars in trades were in fact real, they would have been, as he stated in an email, "moving markets." Yet as noted by Aldous, he had "contacts across the street that trade OTC and none of them deal[t] with Madoff."

C. RBC Informally Blacklisted BLMIS

129. By the early 2000s if not earlier, RBC implemented an organization-wide policy that reflected the views of RP and other RBC Cap/Alt group executives that BLMIS was a fraud. RBC informally removed Madoff from its approved list of parties against which it would provide leverage.

130. This "blacklisting" was not a secret. Harry Markopolos, in his 2005 report to the SEC alleging that BLMIS was running a Ponzi scheme, as well as in post-fraud writings, referred to RBC as one of the banks that had early on blacklisted Madoff for purposes of providing credit to investors seeking to leverage their Madoff investments. A BLMIS feeder fund manager at one point shared with a potential investor RBC's unwillingness to leverage Madoff, calling RBC an otherwise "active player in the hedge fund space" and attributing its unwillingness to lend against Madoff investments to various red flags, including suspicions as to his impossibly good returns and the risk of fraud.

131. By prohibiting leverage transactions with BLMIS, RBC acted upon its belief that BLMIS was a fraud and limited that risk.

VIII. DEFENDANTS DISREGARDED WHAT THEY KNEW OR BELIEVED ABOUT BLMIS

132. As detailed above, by the late 1990s, multiple high-level RBC executives had concluded that at the very least, there was a high probability Madoff was operating a fraud, and

RBC blacklisted Madoff for purposes of providing leverage. Defendants should have similarly stopped promoting and placing investments for their clients in the BLMIS feeder funds.

133. Instead, Defendants sought out and placed tens of millions of dollars of additional investments into BLMIS feeder funds.

134. At the same time, RBC Cap/Alt churned out internal reports and marketing materials setting forth the same trading impossibilities and other indicia of fraud that had led RP and other RBC Cap/Alt executives to believe from as early as 1997 that they had “stumbled into a fraud.” Yet having decided it was important to promote and offer BLMIS feeder fund investments to their clients, Defendants’ ongoing “due diligence” was a nominal, box-checking exercise.

A. Despite Their Beliefs, Defendants Continued to Actively Seek Out and Make Investments in Feeder Funds for Their Clients

135. Throughout the 2000s, Defendants aggressively sought to maximize BLMIS feeder fund investments for their customers’ portfolios, subscribing tens of millions of dollars of new money into numerous BLMIS feeder funds.

136. RP and his team continued to be heavily involved with these investments, up until the time they each left the organization. For example, RP communicated, and entered into agreements, with the head executives at Tremont in connection with RBC’s Rye Select Fund investments, including RBC’s fee arrangements. Katzovitz signed many of the subscription agreements with the Rye Select Funds and was listed as the person responsible for the investments on behalf of Defendant RBC Alternative. The Rye Select Funds addressed Defendants Royal Bank of Canada’s and RBC Alternative’s customer statements and other correspondence to RP, Katzovitz, and Hughes.

137. After the foregoing executives left RBC, their successors in the RBC Cap/Alt group continued to manage and control Defendants Royal Bank of Canada's and RBC Alternative's ongoing BLMIS feeder fund investments and to be responsible for due diligence on a global basis across entities.

138. As the years went on, Defendants ramped up BLMIS-related investments for their clients even further. Defendants in the aggregate invested more than \$100 million in Fairfield Sentry and the Rye Select Funds alone. In addition to these funds, Defendants had and/or explored possible investments in at least eleven other BLMIS feeder funds.

139. By 2003, RBC bankers were proactively seeking out investment opportunities with BLMIS feeder funds in order to satisfy what RBC called, in correspondence with FGG, its "renewed interest" in Madoff investments.

140. In 2003 and 2004, RBC bankers reached out to FGG from multiple offices expressing RBC's interest in making additional investments in Fairfield Sentry. Notwithstanding the RBC Cap/Alt group's beliefs as to Madoff's illegitimacy, the group's legal department simply requested that FGG provide it with some routine updated information, such as the latest copies of the PPM and certain other investment and transactional documents. The legal department also provided the names and full contact information of 17 different RBC Cap/Alt group employees, including top-level Managing Directors, who could be contacted further about the requested investments, highlighting RBC's eagerness to renew and expand this relationship.

141. FGG personnel met with some of these same RBC Cap/Alt group members in June 2004. After the meeting, FGG's Chief Risk Officer Amit Vijayvergiya observed to others internally that RBC was invested in a surprisingly large number of BLMIS feeder funds and was "very capacity hungry," stating that "[t]hey were quite interested in knowing when we would

open [Fairfield] Sentry again.” In response, an FGG employee joked, “do they consider that ‘diversification’?”

142. RBC bankers continued to seek out various BLMIS feeder fund investments right up until BLMIS’s collapse. In 2007 and 2008, for example, RBC Cap/Alt group executives communicated with Access International Advisors about the prospect of investing in its BLMIS feeder funds, including Groupement Financier. In September 2008, FGG reported internally that RBC had expressed interest in investing \$20 million in a potential “Swiss Registered Sentry” product.

B. Defendants Exempted the BLMIS Feeder Funds From RBC’s Strict Due Diligence Policy and Never Demanded Answers From Them

143. Having concluded that Madoff’s trading results were not legitimate, Defendants thereafter exempted BLMIS feeder funds from RBC’s strict due diligence policy.

144. As a matter of internal corporate policy, RBC, through the RBC Cap/Alt group, applied sophisticated risk management systems, including comprehensive, ongoing due diligence, to its hedge fund investments. The RBC Cap/Alt group touted to the public that its continuing due diligence ensured that the investment managers “maintain a consistent philosophy, process and outstanding management skills along with exceptional performance.”

145. In marketing materials, RBC Cap/Alt emphasized that it conducted such due diligence regardless whether an investment is client-selected or discretionary, reflecting a self-imposed obligation to only make investments for its clients that it could stand behind.

146. The head of risk management for RBC enterprise-wide emphasized on an April 29, 2008 conference call (the “April 2008 Call”) that RBC’s due diligence process began even before an initial hedge fund investment was made. He stated: “We have a very thorough due

diligence process before we start dealing with hedge funds, so we have people go out, review the hedge fund, their control infrastructure, their business strategies, their execution”

147. However, Defendants had chosen to forego this vetting process, once they had determined that BLMIS was not legitimate.

148. RBC Cap/Alt regularly communicated and met with various BLMIS feeder fund representatives. Despite ample opportunity, RBC Cap/Alt members never demanded or received answers as to the impossibilities they saw, during any of their many meetings and calls with any of the BLMIS feeder funds. In fact there is no indication that any of the impossibilities, or as Timpson referred to them “obvious . . . red flags,” were addressed.

149. For example, on October 26, 2005, RBC Cap/Alt group members participated in a call with FGG’s Chief Risk Officer Vijayvergiya and others at FGG to conduct “operational due diligence” on Fairfield Sentry. In internal correspondence scheduling the call, FGG noted that per the RBC Cap/Alt group, FGG’s standard DDQ was sufficient to answer most of the group’s questions, and that it only needed “a brief call to check the rest of the boxes.” The issues to be discussed on the call—including FGG’s head count, its monthly NAV calculations, and the status of its SEC registration—had nothing to do with BLMIS’s impossible performance. Neither the DDQ nor the issues to be discussed on the call were sufficient to explain the red flags previously identified by the RBC Cap/Alt group.

150. On a December 17, 2007 conference call with FGG, the RBC Cap/Alt group similarly did not press FGG on any meaningful issues. FGG’s Chief Risk Officer told others at FGG that he wanted to follow up with RBC because he was unable to participate in the call, and FGG’s Lauren Ross responded easily: “No problem. [The RBC Cap/Alt representative] actually

just told us that they are invested in another Madoff feeder so he is aware of this year's goings on's [sic]."

151. In October 2008, after receiving marketing materials regarding BLMIS feeder fund Groupement Financier, RBC Cap/Alt group representatives immediately recognized the fund as a "[M]adoff feeder," and then just proceeded to discuss the fund's fee structure, which was of potential relevance to the retrocession fees RBC might earn for directing investments into the fund.

C. Defendants Papered Their Files With Meaningless "Due Diligence Reports" and Marketed BLMIS Feeder Funds Highlighting Some of the Same Trading Impossibilities That Led to the Blacklist

152. Defendants' willingness to ignore BLMIS's illegitimacy was reflected in the reports and marketing materials the RBC Cap/Alt group created.

153. Throughout the 2000s, Defendants, through the RBC Cap/Alt group, regularly met and communicated with their BLMIS feeder fund contacts regarding RBC investments. After such meetings, the RBC Cap/Alt group's typical practice was to prepare what it called "due diligence reports," which, despite their name, were simply one- to two-page forms summarizing the information supplied by the feeder fund managers, such as the fund's total AUM, assets of other Madoff feeders run by the same manager, and returns by month since inception of the fund.

154. These brief summaries reported each such fund's extraordinary monthly performance, uncorrelated to the S&P Index, while at the same time indicating that the SSC Strategy entailed purchasing a basket of stocks designed to mimic the S&P Index—a contradiction RP and his team knew was an indicator of fraud.

155. These reports also cited the AUM of every BLMIS feeder fund RBC Cap/Alt followed, which collectively totaled more than ten billion dollars—an amount executives such as RP, Timpson, and Aldous knew was too great for BLMIS's options trades to be real.

156. Despite the fact they knew that the trading and performance reported by the BLMIS feeder funds were impossibilities, RBC Cap/Alt simply processed this information for purposes of creating its pro forma “due diligence reports.” These reports never mentioned the 1997 meeting with Madoff, the resulting beliefs of RP and other RBC Cap/Alt group executives as to Madoff’s illegitimacy, or that RBC had blacklisted Madoff for leverage purposes.

157. On a few occasions the reports even pointed out certain indicia of fraud, such as that BLMIS trading records provided “little transparency” and that, as set forth above, there were nowhere near enough options on the market to support BLMIS’s AUM. But the RBC Cap/Alt group deliberately made no attempt to address these impossibilities or provide any legitimate explanations.

158. In creating its reports, the RBC Cap/Alt group also turned a blind eye to the inconsistent information continually provided to it by the various BLMIS feeder funds as to Madoff’s purported options trading—some claiming that Madoff only traded options OTC, and others saying he traded on the CBOE. The method by which Madoff purportedly performed his options trading was a critical piece of information to RBC Cap/Alt executives, given their belief that Madoff could not possibly be conducting such trades based on the size of BLMIS’s AUM and other factors. Rather than address this belief, the group’s reports instead just repeated the BLMIS feeder funds’ conflicting assertions as they were made, without any attempt to reconcile them. For example, one report referred to the SSC Strategy as involving the trading of “OEX” options—the ticker symbol for S&P 100 Index options on the CBOE—while another stated that “[a]ll the fund’s option trades are made OTC.”

159. The RBC Cap/Alt group not only disregarded the impossible trading, it highlighted it as a reason to invest. The RBC Cap/Alt group regularly created and disseminated

its own marketing materials using the information it obtained from the BLMIS feeder funds, depicting and highlighting, among other things, the funds' consistent positive monthly returns, significant AUMs, double-digit compound rates of return, high Sharpe ratios, and conspicuously low correlation coefficients in relation to the S&P Index such investments were supposedly tracking.

IX. THROUGH 2008, DEFENDANTS WERE CONTINUALLY CONFRONTED WITH, YET DISREGARDED, BLMIS'S IMPOSSIBLE TRADING AND PERFORMANCE

160. Defendants not only disregarded what they knew as far back as the 1990s, they also disregarded all of the additional indicia of BLMIS's impossible trading and performance with which they were continually confronted.

A. Defendants Continued to Review a Plethora of BLMIS Feeder Fund Documents

161. As ongoing investors in BLMIS feeder funds, Defendants year after year reviewed a plethora of quantitative and qualitative information, including among other things the BLMIS feeder funds' PPMs and similar offering documents; weekly or monthly fund performance reports; DDQs; presentations; semi-annual update letters; and other periodic documents, summarizing a respective fund's strategy and performance history as compared to relevant benchmarks and including various industry-standard measures such as correlation coefficients and Sharpe ratios.

162. Defendants also received monthly statements showing the performance of their particular investments, indicating their month-opening and month-closing net asset values, as well as the fund's monthly and year-to-date rates of return.

163. Based on their review of the foregoing documents and other sources of BLMIS-related information, Defendants year after year were confronted with the same trading

impossibilities and impossible performance results, which with the passage of time, became even more glaring. Yet Defendants not only continued to ignore these impossibilities, they affirmatively used the data to create their internal reports and to market BLMIS feeder funds to clients.

B. The BLMIS Feeder Funds Continued to Report Impossibly Consistent Returns

164. BLMIS's lack of statistical correlation to the S&P Index was shown on the face of every monthly tear sheet, letter, and commentary issued to Defendants by the BLMIS feeder funds. Month after month up through 2008, the Rye Select Funds for example reported correlation coefficients to market indices of around 0.35 or less—indicating a very low correlation (zero being no correlation). In some months, the correlation was as low as 0.04. For the period September 2001 to October 2008, Rye Portfolio Limited's correlation to the S&P Index was only 0.09.

165. Fairfield Sentry similarly reported correlation coefficients evidencing little correlation between the performance of the fund and that of the S&P Index.

166. In March 2007, BLMIS feeder fund Defender Limited provided to the RBC Cap/Alt group a DDQ that openly boasted as to Defender Limited's low correlation to the S&P Index and its ability to "churn a positive return in down months for the index."

C. BLMIS Continued to Report That It Never Lost Money

167. The documents Defendants were receiving also continually showed that the BLMIS feeder funds' returns were impervious to even the most extraordinary market declines, such as those due to the September 11, 2001 terrorist attacks or the dot-com bubble bust in 2000-2001.

168. Rye Broad Market, for example, purported to generate positive returns of over 36% for the period 2000 through 2002, while the S&P Index was down more than 43% during the same period. The other BLMIS feeder funds reported similar impossibly good returns.

169. From May 1994 through June 2006, as reported in Rye Broad Market's July 2006 tear sheet, Rye Broad Market *never* yielded a negative annual rate of return.

170. Monthly losses were also practically non-existent. Between May 1994 and June 2006, Rye Broad Market generated positive returns more than 95% of the time, or 139 of those 146 months. And from December 1994 through December 2001, the fund posted a stretch of 85 consecutive months, or more than *seven straight years*, of positive returns.

171. The BLMIS feeder fund documents also continued to show impossibly high Sharpe ratios. Year in and year out, these ratios were consistently higher than the ratios for the S&P Index.

172. The inability to duplicate BLMIS's consistent and positive returns was the subject of a May 2001 *Barron's* article entitled "Don't Ask Don't Tell – Bernie Madoff is so secretive, he even asks investors to keep mum" and a *Mar/Hedge* article from the same month entitled "Madoff tops charts; skeptics ask how." These articles reported that industry experts had expressed "amazement, fascination, and curiosity" about BLMIS's ability to achieve non-volatile and consistent rates of return for 11-plus years. Defendants were specifically made aware of these articles because shortly after their publication, FGG's co-founders circulated a letter to all Fairfield Sentry investors about the articles.

D. BLMIS's AUM Continued to Increase Exponentially

173. By the late 1990s, RBC Cap/Alt knew there was not enough call or put option notional value to support the SSC Strategy. In the years leading up to 2008, BLMIS's AUM continued to grow exponentially, and Defendants were aware of this growth. The RBC Cap/Alt

group cited in its “due diligence reports” the AUM of every BLMIS feeder fund it followed, which collectively totaled more than ten billion dollars. By 2004, RBC Cap/Alt believed that BLMIS’s AUM had grown from the \$20 billion estimated by RP and his team to possibly as high as \$50 billion. The impossibility as to BLMIS’s options trading became only more glaring as BLMIS’s AUM grew larger.

X. DEFENDANTS WERE MOTIVATED TO DISREGARD WHAT THEY KNEW OR BELIEVED ABOUT BLMIS

174. By disregarding what they knew or believed about BLMIS, Defendants and their bankers reaped significant monetary and reputational benefits. RBC was, in the words of FGG, “very capacity hungry” when it came to BLMIS feeder fund investments.

175. Defendants’ BLMIS feeder fund investments constituted a source of revenue for Defendants and their personnel, and facilitated the competitiveness and growth of their hedge fund investment business.

176. By providing their clients with coveted BLMIS feeder fund investment opportunities yet blacklisting Madoff for purposes of leverage transactions, Defendants effectively capitalized on these impossibly consistent positive returns while protecting themselves. As acknowledged by the head of risk management for RBC enterprise-wide on the April 2008 Call, it was important to RBC that as to its hedge fund activity, “the risk on the hedge funds is the risk of the client.”

177. Offering access to the BLMIS feeder funds also allowed Defendants to compete with other banks offering such investments.

178. By cultivating relationships with numerous BLMIS feeder funds, Defendants were able to offer greater capacity for investments with BLMIS than their competitors. The more investments Defendants secured, the more fees they earned from their clients.

179. Defendants also profited by obtaining retrocession fees they negotiated with BLMIS feeder fund managers.

180. For instance, from 1999 onward, Royal Bank of Canada was party to a distribution and fee-sharing agreement with Fairfield Greenwich Limited, the principal operating entity of the FGG *de facto* partnership, which agreement compensated it for bringing investments into Fairfield Sentry. RBC Trust, RBC Asia, and RBC Suisse also received retrocession fees in connection with Fairfield Sentry investments.

181. As Defendants knew, BLMIS inexplicably did not charge industry-standard management or performance fees, only trading commissions. This unusual fee structure enabled the feeder funds to charge such fees despite doing little more than directing investors' money into and out of BLMIS. These retrocession fees represented a piece of this windfall.

182. The individual bankers aggressively seeking to increase their organization's BLMIS feeder fund investments were strongly motivated to sell BLMIS feeder fund investments, as their annual compensation and reputations were tied to the amount of business they did, the performance of those investments, and the aforementioned fee arrangements. With little immediate risk to themselves and to the RBC organization, these representatives and their organization had every incentive to maximize the immediate profits that could be derived from directing moneys to BLMIS feeder funds. Defendants sought to and did obtain all of these benefits, and RBC aggressively marketed BLMIS feeder funds and touted their impossible performance.

XI. IMPUTATION ACROSS RBC

183. The knowledge and conduct of RBC's executives is imputable to each of the Defendants.

184. RP, Katzovitz, Hughes, and Felix were senior officers who acted on behalf of Defendant Royal Bank of Canada, Defendant RBC Alternative, and non-party RBC Capital Markets LLC (or their predecessors). In such capacities, these persons signed BLMIS feeder fund subscription agreements, were listed as contact persons for communications in connection with BLMIS feeder fund investments, and met with and received correspondence from BLMIS feeder fund personnel for such investments. The knowledge and conduct of these persons is imputed to Defendants Royal Bank of Canada and RBC Alternative as they were managing and controlling these entities' BLMIS feeder fund investments.

185. Moreover, each of the RBC executives named herein, including RP, Hughes, Katzovitz, Felix, Timpson, and Aldous acted as agents for all Defendants with respect to their BLMIS feeder fund investments because they were senior executives for RBC Cap/Alt which, consistent with RBC's policies, was responsible for risk management and due diligence for BLMIS feeder fund investments on an enterprise-wide basis.

186. Defendant Royal Bank of Canada and its affiliates and subsidiaries functioned as a global, integrated enterprise as to their BLMIS feeder fund and other investments. As stated in Royal Bank of Canada's 2006 Annual Report, "Royal Bank of Canada (RY on TSX and NYSE) and its subsidiaries operate under the master brand name RBC. . . ." Defendant Royal Bank of Canada and its affiliates and subsidiaries—including all other Defendants as wholly-owned subsidiaries—operated under a centralized risk management and due diligence framework which encouraged and facilitated the sharing of knowledge and information among such entities wherever they were located.

187. Specifically as to risk management on their investments, according to a Royal Bank of Canada 2008 SEC filing, RBC entities had "effective enterprise risk management

frameworks,” the “cornerstone” of which “was a strong risk management culture, supported by a robust enterprise-wide set of policies, procedures and limits which involve[d] [their] risk management professionals, business segments and other functional teams.” This framework included various enterprise-wide risk committees, to which RBC’s business divisions all reported, and ultimate oversight of risk management by RBC’s Board of Directors.

188. In conjunction with these policies, Defendants functioned as one entity through the RBC Cap/Alt group with respect to risk management and due diligence on their BLMIS feeder fund investments. The RBC Cap/Alt group (and its predecessors) was a global business unit, working in conjunction with other global RBC business units, and was responsible for conducting due diligence on, and in some cases directly managing, billions of dollars of hedge fund investments for RBC.

XII. THE RYE SELECT FUNDS KNEW OR WERE WILLFULLY BLIND TO THE FACT THAT BLMIS WAS A FRAUD

189. On December 7, 2010, the Trustee commenced an adversary proceeding against, among others, Tremont and several Tremont funds (including the Rye Select Funds) invested wholly or in part with BLMIS (collectively, the “Tremont Feeder Funds”), seeking to avoid and recover \$2.1 billion of initial transfers from BLMIS that constitute customer property under SIPA (the “Tremont Complaint”).³ The Trustee incorporates by reference the factual allegations in the Tremont Complaint, as supplemented below.

190. Tremont created, managed, and operated a number of Tremont Feeder Funds that invested directly and indirectly with BLMIS, and also co-managed BLMIS feeder fund Kingate Global Fund, Ltd.

³ *Picard v. Tremont Group Holdings, Inc., et al. (In re Bernard L. Madoff Inv. Secs., LLC)*, Adv. Pro. No. 10-05310, ECF No. 1 (Bankr. S.D.N.Y. Dec. 7, 2010). See the Tremont Complaint at ¶ 2 for the full names of the defendants.

191. In a September 22, 2011 order, the Bankruptcy Court approved a settlement between the Trustee and more than a dozen of the Tremont Feeder Funds, Tremont and its affiliates, and a former Tremont chief executive (collectively, the “Tremont Settling Defendants”) that obligated the Tremont Settling Defendants collectively to pay the Trustee \$1.025 billion for the benefit of the customer property estate (the “Tremont Settlement”). The Tremont Settlement also provides that the transfers made to the Tremont Feeder Funds were “deemed avoided.”

A. Tremont’s Senior Executives Had a Close Relationship with Madoff

192. Sandra Manzke founded Tremont in the mid-1980s and first met Madoff in or around 1991. Until her departure in 2004, Manzke served as Tremont’s CEO and then co-CEO, helping to select money managers, including Madoff. Robert Schulman joined Tremont in 1994 and held various high-level positions, including President, co-CEO, and ultimately sole CEO.

193. Manzke and Schulman met and had regular calls with both Madoff and his top lieutenant Frank DiPascali. Schulman had a special relationship with Madoff, which Tremont described as its “competitive edge.” At least once, Madoff even sought Schulman’s advice on hiring decisions at BLMIS. In June 2006, Tremont Vice President Chris Cichella explained to a potential investor that Schulman was “intimately familiar” with Madoff based on “a 10+ year relationship.”

194. Investors took notice of the relationship between Schulman and Madoff. For example, a prospective investor had a call with Tremont in May 2007 where he referenced the “friendly relationship between Bob and Bernie.” He also noted that, “[f]or Tremont, it goes back to the relationship . . . Bob has been there many times and has worked w/ Bernie is [sic] business since the 1980s.”

B. Tremont Received Repeated, Direct Fraud Warnings About BLMIS's IA Business

195. Tremont received warnings of BLMIS's fraudulent IA Business from clients as early as April 2001, when an investor in two of the Tremont Feeder Funds wrote to Schulman: "I know you are sick of answering this but man is it hot out there with the Bernie fraud rumors." The investor questioned why Madoff "need[ed] to go to cash at year-end every year" and used such a "small" firm as its auditor.

196. Less than a month later, Tremont became aware of the *Barron's* and *Mar/Hedge* articles questioning the legitimacy of BLMIS's IA Business and identifying Tremont Group as offering BLMIS feeder funds. On May 7, 2001, Tremont Group's Chief Operating Officer (and later President) Barry Colvin emailed a number of Tremont employees alerting them to the articles and instructing them to direct third party questions to Tremont's management.

197. On April 25, 2003, sales vice president Jim Mitchell relayed to Schulman a discussion Mitchell had with another concerned investor about "associating Madoff with broker-dealer wrongdoing of late." The following month, Mitchell, Schulman, and the investor visited Madoff. The investor's meeting notes (which he shared with Tremont) characterized Madoff's operation as "controversial" and expressed numerous concerns that included: (i) Madoff's unwillingness to meet with investors; (ii) BLMIS's lack of management fees; (iii) Madoff's going to cash at every year end; (iv) the absence of a third party custodian; and (v) BLMIS's "exceptionally stable" returns "with only 7 negative months since 1990."

198. Mitchell retained these notes and years later forwarded them to Tremont vice president and manager responsible for product line management and oversight, Darren Johnston, cautioning: "Don't attach this – but it's an interesting set of notes from a meeting years back...."

199. In March 2004, the investor who emailed Schulman in 2001 about the “Bernie fraud rumors” emailed him again, this time to redeem his Tremont Feeder Fund investments, explaining:

My motivation for doing this is not due to some new buzz out there for as you know that is a constant din but rather that I can no longer ignore my core instincts as an investor in which I have the [sic] battle the fact that I really don’t know what is going on, what a [sic] do know is I am in an investment program that no one else in history has been able to make work, return series is flat out too good given how efficient the underlying securities are priced and he doesn’t charge a fee all compounded by it seems every stone I turn over is another multi billion \$ [M]adoff feeder. I . . . found that my inability to rationalize & be intellectually honest on why I was invested bothered me more than it has in the past

200. When Madoff’s scheme collapsed, that investor circulated an email among certain of his employees with the subject header “HOLY SH## !!!!!!!!!!!!!!!!!!!!!!! THE WORLD IS NOW RIGHT !!!” and wrote that “Bob Schulman & all the feeder groups could be going to jail over this....” (Emphasis in original.)

201. In May 2004, Cichella emailed senior vice president Rob Rosenbaum that investment advisory firm RogersCasey (where Tremont personnel, including Manzke, previously worked) was “concerned about Tremont’s relationship with Madoff” and would thus recommend that its client not invest with Tremont. Cichella said RogersCasey would not reconsider its position because BLMIS “was prone to a blow-up that would destabilize Tremont”

202. In March 2007, representatives from Tremont’s potential client, Agile Group (“Agile”), met with Johnston, product management senior vice president Patrick Kelly, and portfolio manager Brian Marsh as part of its due diligence. Agile’s notes from the meeting (the “Agile Notes”) reflect that Agile peppered Tremont with numerous questions regarding operational and trading anomalies indicating fraud at BLMIS or its reporting fictional trades. This included queries about its auditors, the lack of information on options trading, identity of

counterparties to the purported options transactions, BLMIS's AUM, BLMIS's inexplicable use of paper trade tickets and account statements, the inability to verify BLMIS's assets, and BLMIS's going in and out of the market in large transactions with no overall effect on the market for the securities it purportedly traded.

203. The Agile Notes reflect that Agile and Tremont discussed whether BLMIS's IA business was a fraud and perhaps even a Ponzi scheme. Agile pointed out in the meeting how the fraud would be easy if BLMIS's auditor did "not work so hard" and if the "few key people" operating the IA business were involved. The discussions prompted Agile to write, "[e]ither Madoff owns what he owns or they are fictitious. But if it is a Ponzi scheme, every dollar profit has been realized."

204. A month later, Agile employee Mariah Quish sent Tremont follow-up questions concerning BLMIS. Addressing Agile's request, Johnston instructed internally: "We should give answers by phone rather than email" After speaking with Johnston and Tremont's vice president of investor services Harry Hodges, Quish reported she found Tremont's "level of secrecy combined with a faith-based view on Madoff difficult to understand."

205. In May 2007, Cichella, who worked closely with Johnston and Hodges, forwarded to himself the May 2001 *Barron's* article.

206. Tremont continued to receive warnings that Madoff's trading was not real as late as October 2008, when Tremont sales representative Adrian Gordon reported to Johnston, Marsh, and Mitchell that a prospective institutional investor was "loathe to give his stamp of approval to [Madoff's] strategy when he has no idea what trades actually take place." A month later, Gordon emailed the Tremont global sales team that another potential investor said Madoff

was “probably a pyramid structure.” That same month, Cichella once again pulled out the May 2001 *Barron’s* article, this time forwarding it to Mitchell, stating, “Enjoy!”

C. Tremont’s Own Reporting Showed that BLMIS’s Purported Trades Were Impossible

207. As alleged in the Tremont Complaint, despite exempting BLMIS from the due diligence it conducted on other managers, Tremont regularly received from BLMIS customer statements, trade tickets, and other information containing an abundance of facts demonstrating that BLMIS reported fictitious trades and that the fraud warnings it received were well founded. Tremont created reports and marketing materials of its own highlighting the impossible trading and performance.

208. For example, Tremont knew from the monthly analytic summaries its senior management prepared based on these BLMIS documents that the positions and prices BLMIS reported differed from prices Bloomberg reported. Tremont’s auditor, KPMG, similarly found and reported to Tremont more than 20 such differences in 2006 alone.

209. Tremont also estimated in its reports the amount BLMIS had in AUM and calculated whether or not there was sufficient volume in each instrument for Madoff to be able to execute such trades. Given that Tremont knew BLMIS had “well in excess of \$20 billion” in AUM by May 2003, and that according to Johnston it “monitored all trade activity,” Tremont knew there was insufficient volume for dozens, if not hundreds of the trades Madoff purported to complete.

D. Tremont Exempted BLMIS From Its High Due Diligence Standards

210. The vast majority of Tremont’s business involved placing its clients’ assets with third-party managers. For managers other than Madoff, Tremont implemented due diligence

procedures, investigated the quality of the management personnel, assessed key risk factors associated with the investment, and continuously monitored the investment and the managers.

211. As a sophisticated manager with industry-leading due diligence standards, Tremont positioned itself at the forefront of initiatives to improve monitoring of investment managers in light of frauds that preceded Madoff. Tremont claimed that its comprehensive operational risk evaluation served to mitigate any possibility of misrepresentation or fraudulent activity.

212. Despite these claims and all of the fraud warnings, Tremont exempted BLMIS from its due diligence standards. In fact, Tremont's executives deliberately prevented transparency into Madoff and BLMIS throughout the Tremont-BLMIS relationship. To ensure that Tremont's employees did not conduct any meaningful due diligence on BLMIS and Madoff, Mitchell laid out in an email three of the most critical questions about Madoff's operations "ya don't ask" about: (1) BLMIS's AUM, (2) how Madoff generated his returns, and (3) Madoff's auditors.

213. According to the SEC—which investigated Tremont after Madoff's arrest—Schulman personally conducted due diligence on Madoff, which was an "outlier" in Tremont's procedures as applied to other managers. The SEC concluded that because "Schulman conducted the due diligence, he would be able to control what areas and information [were] reviewed or not reviewed."

214. Tremont also did not conduct any meaningful due diligence on Friehling & Horowitz. Rather, as the SEC found, Tremont's due diligence materials "did not reveal any evidence of conversations with Madoff's auditors." In 2007, Tremont even admitted to Agile

that someone from Tremont “anonymously drop[ped] by” Friebling & Horowitz’s strip-mall office, just “to make sure they exist.”

215. In an unusually candid response to one strategic consulting firm, Tremont’s Senior Vice President Stuart Pologe admitted that Tremont had “no manager due dili[gence] process for” its BLMIS investments and referred to Tremont’s dealings with BLMIS as “a highly vulnerable, highly profitable business.” Pologe noted: “We make a lot of money off this, though.”

E. BLMIS Failed Tremont’s Requirements for Third-Party Oversight Yet Tremont Made an Exception for Madoff

216. Tremont’s due diligence standards considered independent oversight of its outside managers to be critical. Tremont, however, knowingly made BLMIS an exception to its requirement of third-party oversight of its money managers.

217. For example, in June 2008, Tremont rejected a potential manager because, as stated in an internal memo, a “key part of any due diligence process is being able to verify the information provided by the Fund with independent parties, in this instance there aren’t any independent parties to speak with to verify what the partners of [the fund] are doing.”

218. The SEC also found Tremont had rejected another outside money manager because of a lack of operational infrastructure and the presence of only one person who was responsible for all operational duties. Yet, the SEC noted, Tremont continued its investment with BLMIS, although “all operational guidelines with respect to trading and execution were controlled by one individual.”

219. Tremont executives were unwilling to respond in writing to investors’ questions about third-party asset verification. This included at least one pointed question from an investor who asked Mitchell, because the BLMIS account statements were “generated by Madoff, how do

I get comfort that the money is really there?” This investor also stated, “the accounting firm [Friedling & Horowitz] doing the audit being a small firm made me a bit uneasy.” Mitchell took the conversation off-line, replying, “What is your telephone number?”

220. Dealing with another investor question about asset verification, Johnston emailed Cichella that this would “lead closer to BLMIS which [Tremont] strictly wants to avoid.” Cichella replied: “Keep in mind, they are looking for independent (of [Tremont] or Madoff) verification of the assets in a tangible form. . . . it would be great if you could convince them” that the assets existed.

221. On or about October 1, 2008, Tremont personnel met with the managers of BLMIS feeder fund Fairfield Sentry concerning a possible investment with BLMIS through Fairfield Sentry, which Tremont understood operated in the same manner as its own BLMIS feeder funds. Tremont’s notes acknowledged that Fairfield Sentry did not satisfy Tremont’s due diligence requirements, including lack of independent oversight at BLMIS, no third-party prime broker, and Friedling & Horowitz’s “material percentage of their annual revenue from Madoff.” Evidencing that BLMIS feeder funds did not meet Tremont’s usual due diligence standards and were fraught with red flags, the potential Fairfield Sentry investment was referred up the ladder for “an exception approval from the Investment Committee.”

F. Tremont Consistently Shielded Madoff From Third Party Due Diligence

222. Tremont consistently shielded Madoff from questions by third parties conducting their own due diligence on BLMIS, calling it “Firm policy” not to provide access. On January 24, 2004, Mitchell asked Schulman whether a potential client could visit Madoff. Schulman responded: “They cannot and WILL NOT VISIT MADOFF please make it clear that this is OFF the table.” (Emphasis in original.) On June 16, 2006, Mitchell, after being informed that an investor had been “relentless on meeting Bernie,” emailed Tremont investment relationship

assistant vice president Roy Soares, “[o]ur own analysts don’t get to see Madoff – why should [investors].” In swap agreements with three banks providing leverage, Tremont included the provision that if a bank contacted Madoff, Tremont had the right to cancel the swap without paying an early termination fee.

223. Tremont even restricted which of its employees could contact BLMIS. In a September 2002 email, the message was relayed internally: “DON’T SEND ANY CORRESPONDENCE TO BERNARD MADOFF. ONLY [Tremont executives Soares, Schulman and Suzanne Hammond] ARE ALLOWED TO SEND ANYTHING TO HIM!” (Emphasis in original.)

224. Tremont also refused to allow its administrator to receive the Tremont Feeder Fund customer statements and trade tickets directly from BLMIS, as Tremont arranged with its other managers. Tremont also intervened to limit contact between Madoff and Tremont’s auditor, Ernst & Young (“EY”). In May 2006, internal Tremont emails discussing EY’s request for BLMIS’s “internal control letter” and questioning whether an audit report was prepared for Madoff, revealed that Tremont acted as the go-between “[t]o keep the minimum amount of people contacting Madoff.” This deliberate shielding of Madoff continued when Tremont replaced EY with KPMG and reported to potential clients that, other than minimal verification, “there is no contact” between KPMG and BLMIS.

225. Tremont also deflected investor’s concerns about BLMIS’s auditors. As set forth in a 2006 internal memo, Tremont’s top investment managers knew that Friehling & Horowitz was a “small firm” that was “not specialized in investment firms [and] broker/dealers.” Nevertheless, in response to an inquiry from Agile, Johnston and others from Tremont portrayed Friehling & Horowitz as “usually a name you hear [with] medium size broker dealers.”

G. Tremont Avoided Questions and Fabricated Answers About BLMIS's Purported Options Trading

226. Tremont's senior management knew that the options trades were a central part of the SSC Strategy and were well aware of how the options trading for the strategy worked. In fact, Schulman bragged internally that he taught Madoff how to trade options. Nevertheless, in response to evidence on the face of BLMIS trade tickets that included suspect options trading, Tremont tried to explain away these issues by giving inconsistent and false explanations.

1. Divergent Answers on Over-the-Counter/Listed Trading Questions

227. As described in the Tremont Complaint, Tremont knew that Madoff could not be trading options OTC as he represented, in light of (i) the CUSIP numbers on BLMIS's trade confirmations, which indicated the options were traded on an exchange, and (ii) the lack of counterparty information that should be on all OTC trade confirmations.

228. Tremont also knew that Madoff had not entered into any ISDA agreements with any counterparties—a basic requirement for all OTC options trades.

229. Rather than openly acknowledge the options trading impossibilities—which were clear from the trade tickets that Tremont analyzed—Tremont would flip-flop on the question of whether BLMIS traded options OTC or traded them on the CBOE.

230. For example, a November 2006 DDQ for one of the Tremont Feeder Funds stated that “options [] are traded on a recognized exchange.” In contrast, in November 2007, in response to a statement by HSBC Bank that it was under the impression that BLMIS traded options OTC, Johnston wrote, “our understanding is also that they are OTC.” On yet another occasion, Rye Broad Market's July 2007 DDQ equivocated, stating options “may be either listed or OTC.”

2. Failure to Conduct Any Diligence on Purported Options Counterparties and Covering up the Truth With Fabrications

231. Tremont failed to conduct any diligence on the lack of OTC counterparties on BLMIS's trade confirmations, because it knew there was no legitimate explanation.

232. Tremont senior management stated on certain occasions that Madoff purportedly traded options with the counterparties as agent for the Tremont Feeder Funds. This meant that the Tremont Feeder Funds, not BLMIS, bore the risks involved with trading and settling with those purported counterparties.

233. Tremont senior management knew it had to conduct counterparty due diligence to insulate against default risk—but Tremont never spoke with a single counterparty for Madoff's purported options trading, because there were none.

234. Tremont instead covered up for Madoff's fabrications with fabrications of its own, which changed depending on who was asking. In a March 24, 2006 email, Kelly told Schulman that Citi, one of Tremont's leverage providers, had "asked around" and could not "find anyone who admit[ted] to being [BLMIS's] counterparty." Schulman replied, "He [Madoff] has not disclosed [any counterparty names] to us." Kelly nevertheless later told Agile that Schulman "has seen the counterparty names – he just does not want to disclose it."

235. In October 2006, Soares emailed Fortis Bank, relaying information provided by Schulman that one of the Tremont Feeder Funds had 12 counterparties, "which Madoff must use in relation to his put options trades." Schulman, however, later admitted in sworn testimony that Tremont had never tried to identify any purported counterparties.

236. In a June 2007 email, Kelly told JPMorgan Chase ("JPM"), which was considering a Tremont Feeder Fund investment, that "we do know the [counterparties'] general characteristics such as number and minimum credit rating." A month later, Mitchell told a

different investor, “[o]ption counterparties are typical banks,” and named JPM—who had just inquired on the identity of the counterparties—as one of them.

237. In April 2008, Johnston told consultant Albourne Partners (“Albourne”)—itself in the process of conducting diligence on Tremont Feeder Funds for its clients—that Tremont “has checked with counterparties to make sure they are trading with the Investment Advisor [BLMIS] in the relevant instruments.”

238. In October 2008, Albourne emailed Johnston twice, asking about Tremont’s counterparty exposure to “MS [Morgan Stanley] or GS [Goldman Sachs].” Johnston “confirm[ed] that Tremont had “[a]bsolutely no exposure” to those companies, which did not make any sense in light of prior statements unless Johnston knew Madoff was not trading options as he purported.

239. The September 2008 collapse of Lehman Brothers Inc. and its affiliates and subsidiaries (collectively, “Lehman”)—one of the largest OTC derivatives counterparties at the time—led to industry and investor panic. Many Tremont clients worried about their Lehman exposure, in light of BLMIS’s purported billions of dollars in options holdings.

240. By contrast, Tremont’s senior management was seemingly unconcerned from the outset by these monumental events. They knew that if BLMIS’s OTC options positions were real, a crash of a major options counterparty would have catastrophic effects on the Tremont Feeder Funds. For example, in 2007, Mitchell detailed to an investor how, if a counterparty to an options trade such as Bear Stearns defaulted, “then the option (otc) is gone.”

241. Tremont worked to avoid discussions with investors regarding the Lehman collapse. To one client trying to assess its Lehman exposure and exposure to other potentially precariously positioned counterparties, Johnston simply stated, “We are not responding to this.”

242. Mitchell crafted an answer to investors asking whether the Tremont Feeder Funds had Lehman risk, stating internally that “the line we should follow is that ... [w]e do not discuss our counterparty arrangements as we are contractually bound not to.” In reply, Johnston went a step further, indicating his certainty that the “answer is ‘no exposure’.”

243. These statements were misleading by implying Tremont knew of actual counterparty arrangements and could assure the investors that Tremont’s counterparties presented no risk. If Tremont’s senior management believed its BLMIS options were real, however, the Lehman collapse would have been more than a non-event.

H. Tremont’s Executives Had a Powerful Motive to Hide What They Knew About BLMIS and Madoff

244. Tremont’s profitability and, as it turned out, its very existence, depended on BLMIS. Tremont and the Tremont Feeder Funds benefitted from BLMIS’s incredibly consistent, positive returns, which enhanced their investment track records and ability to attract business partners and clients. This led to the Tremont Feeder Funds’ AUM increasing rapidly. For example, from its inception in January 1994 to November 2008, Rye Broad Market’s AUM increased from \$5.9 million to approximately \$2.35 billion, a 400-fold increase.

245. Tremont’s revenues grew along with its AUM; during this period, Tremont received at least \$255 million in fees from its BLMIS-facing products.

246. Chief Financial Officer Lynn Keeshan noted that Tremont was “highly dependent” on Madoff, which accounted for “all of the profits of the firm.” Cichella said Rye Prime Fund’s “only reason for being is as a \$2b feeder into Madoff.” Pologe said BLMIS was Tremont’s “crack addiction business.”

247. Tremont’s parent company concluded that “the economics of Tremont’s business [was] Madoff.” Tremont did nothing more to earn its fees through its Tremont Feeder Funds

than provide access to BLMIS. Pologe acknowledged Tremont “just sell[s] access [to BLMIS] for 2% management fee . . . We make a lot of money off this.” As Schulman told Mitchell, for some customers, on top of the management fee, Tremont levied “a 50 basis point surcharge for them to access Madoff.”

248. Fees were a powerful reason for funds like Tremont to close their eyes and hide what they knew about BLMIS’s fraud. As noted by Albourne in late 2008, “[w]e have been advised by some of the [funds invested in BLMIS] that they are not interested in knowing more about the product due to the fees they are earning on the product.”

XIII. RECOVERY OF SUBSEQUENT TRANSFERS TO DEFENDANTS

A. Fairfield Sentry

1. Initial Transfers From BLMIS to Fairfield Sentry

249. The Trustee commenced a separate adversary proceeding against Fairfield Sentry and other defendants in this Court under the caption, *Picard v. Fairfield Sentry Ltd., et al.*, Adv. Pro. No. 09-01239 (SMB), seeking to avoid and recover initial transfers of customer property from BLMIS to Fairfield Sentry in the approximate amount of \$3,000,000,000 (the “Fairfield Sentry Initial Transfers”).

250. By orders dated June 7 and June 10, 2011, this Court approved a settlement among the Trustee, Fairfield Sentry, and others, and on July 13, 2011, entered a consent judgment in favor of the Trustee and against Fairfield Sentry in the amount of \$3,054,000,000 (“Judgment Amount”) [ECF No. 109].

251. The Fairfield Sentry Initial Transfers are set forth in the attached Exhibits A and B. The Fairfield Sentry Initial Transfers were and continue to be customer property within the meaning of SIPA § 78III(4).

252. On August 28, 2020, the Trustee filed a second amended complaint in the *Fairfield Sentry Ltd.* proceeding (“Second Amended Complaint”) [ECF No. 286] seeking in part recovery of the Fairfield Sentry Initial Transfers in satisfaction of the Judgment Amount and entry of a declaratory judgment that the Fairfield Sentry Initial Transfers comprising the Judgment Amount are avoided.

253. As set forth in the Second Amended Complaint, Fairfield Sentry received each of the Fairfield Sentry Initial Transfers with actual knowledge of fraud at BLMIS, or, at a minimum, while willfully blind to circumstances suggesting a high probability of fraud at BLMIS. The Trustee incorporates by reference the factual allegations contained in the Second Amended Complaint as if fully set forth herein.

254. Of the Judgment Amount, approximately \$3,000,000,000 was transferred to Fairfield Sentry during the six years preceding the Filing Date (the “Fairfield Sentry Six Year Transfers”). Each of the Fairfield Sentry Six Year Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the N.Y. Debt. & Cred. Law (the “NYDCL”), particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3).

255. Of the Fairfield Sentry Six Year Transfers, approximately \$1,600,000,000 was transferred to Fairfield Sentry during the two years preceding the Filing Date (the “Fairfield Sentry Two Year Transfers”). Each of the Fairfield Sentry Two Year Transfers is avoidable under section 548 of the Bankruptcy Code and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

256. Of the Fairfield Sentry Two Year Transfers, at least \$1,100,000,000 was transferred to Fairfield Sentry during the 90 days preceding the Filing Date (the “Fairfield Sentry Preference Period Transfers”). Each of the Fairfield Sentry Preference Period Transfers is

avoidable under section 547 of the Bankruptcy Code and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

2. Subsequent Transfers From Fairfield Sentry to the Fairfield Sentry Transferee Defendants

257. Prior to the Filing Date, Fairfield Sentry subsequently transferred a portion of the Fairfield Sentry Initial Transfers to the Fairfield Sentry Transferee Defendants. Based on the Trustee's investigation to date, the subsequent transfers to the Fairfield Sentry Transferee Defendants total at least \$38,069,770 (the "Fairfield Sentry Subsequent Transfers"). A chart setting forth the presently known Fairfield Sentry Subsequent Transfers is attached as Exhibit C.

258. The Subsequent Transfers are recoverable from the Fairfield Sentry Transferee Defendants under section 550(a) of the Bankruptcy Code and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

259. The Fairfield Sentry Transferee Defendants received each of the Fairfield Sentry Subsequent Transfers with knowledge of fraud at BLMIS or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS, and/or with knowledge of the voidability of the Fairfield Sentry Initial Transfers from BLMIS.

260. The Fairfield Sentry Subsequent Transfers represent redemptions of equity interests by the Fairfield Sentry Transferee Defendants as shareholders in Fairfield Sentry. Because Fairfield Sentry invested all or substantially all of its assets into the BLMIS Ponzi scheme, Fairfield Sentry was insolvent when it made the Fairfield Sentry Subsequent Transfers to the Fairfield Sentry Transferee Defendants upon redemption of their interests.

B. The Rye Select Funds

1. Initial Transfers From BLMIS to Rye Broad Market

261. The Trustee commenced the Tremont Avoidance Action against the Rye Select Funds and other defendants in the Bankruptcy Court seeking to avoid and recover initial transfers of customer property from BLMIS to the Rye Select Funds in the approximate amount of \$2,000,000,000.

262. As set forth above, pursuant to the Bankruptcy Court's September 22, 2011 order, the Bankruptcy Court approved the Tremont Settlement, which specifically states that transfers to subsequent transfer defendants were not recovered with the partial payment by the Tremont Settling Defendants.

263. From the inception of Rye Broad Market's account with BLMIS to the Filing Date, BLMIS made transfers to Rye Broad Market of approximately \$380,000,000 (the "Rye Broad Market Initial Transfers"). Each of the Rye Broad Market Initial Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3), and N.Y. C.P.L.R. 203(g) and 213(8).

264. Of the Rye Broad Market Initial Transfers, approximately \$250,000,000 was transferred to Rye Broad Market during the six years preceding the Filing Date (the "Rye Broad Market Six Year Transfers"). Each of the Rye Broad Market Six Year Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3).

265. Of the Rye Broad Market Six Year Transfers, \$60,000,000 was transferred to Rye Broad Market during the two years preceding the Filing Date (the "Rye Broad Market Two Year Transfers"). Each of the Rye Broad Market Two Year Transfers is avoidable under section 548 of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

266. Of the Rye Broad Market Two Year Transfers, \$30,000,000 was transferred to Rye Broad Market as a preference during the 90 days preceding the Filing Date (the “Rye Broad Market Preference Period Transfer”). Each of the Rye Broad Market Preference Period Transfers is avoidable under section 547 of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

267. As set forth above, Rye Broad Market received each of the Rye Broad Market Initial Transfers with knowledge of fraud at BLMIS, or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS.

268. Charts setting forth the Rye Broad Market Initial Transfers are included as Exhibits D and E. The Rye Broad Market Initial Transfers were and continue to be customer property within the meaning of SIPA § 78lll(4).

2. Subsequent Transfers From Rye Broad Market to RBC Alternative

269. Prior to the Filing Date, Rye Broad Market subsequently transferred a portion of the Rye Broad Market Initial Transfers to RBC Alternative. Based on the Trustee’s investigation to date, the subsequent transfers to RBC Alternative total at least \$18,077,260 (the “Rye Broad Market Subsequent Transfers”). A chart setting forth the presently known Rye Broad Market Subsequent Transfers is attached as Exhibit F.

270. The Rye Broad Market Subsequent Transfers are recoverable from RBC Alternative under section 550(a) of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

271. RBC Alternative received each of the Rye Broad Market Subsequent Transfers with knowledge of fraud at BLMIS or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS, and/or with knowledge of the voidability of the Rye Broad Market Initial Transfers from BLMIS.

272. The Rye Broad Market Subsequent Transfers represent redemptions of equity interests by RBC Alternative as a limited partner in Rye Broad Market. Because Rye Broad Market invested all or substantially all of its assets into the BLMIS Ponzi scheme, Rye Broad Market was insolvent when it made the Rye Broad Market Subsequent Transfers to RBC Alternative upon redemption of its interests.

3. Initial Transfers From BLMIS to Rye Prime Fund

273. From the inception of Rye Prime Fund's account with BLMIS to the Filing Date, BLMIS made transfers to Rye Prime Fund of approximately \$1,000,000,000 (the "Rye Prime Fund Initial Transfers"). Each of the Rye Prime Fund Initial Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3), and N.Y. C.P.L.R. 203(g) and 213(8).

274. Of the Rye Prime Fund Initial Transfers, approximately \$950,000,000 was transferred to Rye Prime Fund during the six years preceding the Filing Date (the "Rye Prime Fund Six Year Transfers"). Each of the Rye Prime Fund Six Year Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3).

275. Of the Rye Prime Fund Six Year Transfers, approximately \$500,000,000 was transferred to Rye Prime Fund during the two years preceding the Filing Date (the "Rye Prime Fund Two Year Transfers"). Each of the Rye Prime Fund Two Year Transfers is avoidable under section 548 of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

276. As set forth above, Rye Prime Fund received each of the Rye Prime Fund Initial Transfers with knowledge of fraud at BLMIS, or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS.

277. Charts setting forth the Rye Prime Fund Initial Transfers are included as Exhibits G and H. The Rye Prime Fund Initial Transfers were and continue to be customer property within the meaning of SIPA § 78fff(4).

4. Subsequent Transfers From Rye Prime Fund to Royal Bank of Canada and RBC Alternative

278. Prior to the Filing Date, Rye Prime Fund subsequently transferred a portion of the Rye Prime Fund Initial Transfers to Royal Bank of Canada and RBC Alternative. Based on the Trustee's investigation to date, the subsequent transfers to Royal Bank of Canada and RBC Alternative total at least \$16,284,605 (the "Rye Prime Fund Subsequent Transfers"). A chart setting forth the presently known Rye Prime Fund Subsequent Transfers is attached as Exhibit I.

279. The Rye Prime Fund Subsequent Transfers are recoverable from Royal Bank of Canada and RBC Alternative under section 550(a) of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

280. Royal Bank of Canada and RBC Alternative received each of their respective Rye Prime Fund Subsequent Transfers with knowledge of fraud at BLMIS or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS, and/or with knowledge of the voidability of the Rye Prime Fund Initial Transfers from BLMIS.

281. The Rye Prime Fund Subsequent Transfers in each case represent redemptions of equity interests by Royal Bank of Canada and RBC Alternative as limited partners in Rye Prime Fund. Because Rye Prime Fund invested all or substantially all of its assets into the BLMIS Ponzi scheme, Rye Prime Fund was insolvent when it made the Rye Prime Fund Subsequent Transfers to Royal Bank of Canada and RBC Alternative upon redemption of their interests.

5. Initial Transfers From BLMIS to Rye Portfolio Limited

282. From the inception of Rye Portfolio Limited's account with BLMIS to the Filing Date, BLMIS made transfers to Rye Portfolio Limited of approximately \$620,000,000 (the "Rye Portfolio Limited Initial Transfers"). Each of the Rye Portfolio Limited Initial Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3), and N.Y. C.P.L.R. 203(g) and 213(8).

283. Of the Rye Portfolio Limited Initial Transfers, approximately \$610,000,000 was transferred to Rye Portfolio Limited during the six years preceding the Filing Date (the "Rye Portfolio Limited Six Year Transfers"). Each of the Rye Portfolio Limited Six Year Transfers is avoidable under section 544 of the Bankruptcy Code and applicable provisions of the NYDCL, particularly §§ 273-279, and of SIPA, particularly § 78fff-2(c)(3).

284. Of the Rye Portfolio Limited Six Year Transfers, \$350,000,000 was transferred to Rye Portfolio Limited during the two years preceding the Filing Date (the "Rye Portfolio Limited Two Year Transfers"). Each of the Rye Portfolio Limited Two Year Transfers is avoidable under section 548 of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

285. Of the Rye Portfolio Limited Two Year Transfers, \$275,000,000 was transferred to Rye Portfolio Limited during the 90 days preceding the Filing Date (the "Rye Portfolio Limited Preference Period Transfers"). Each of the Rye Portfolio Limited Preference Period Transfers is avoidable under section 547 of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

286. As set forth above, Rye Portfolio Limited received each of the Rye Portfolio Limited Initial Transfers with knowledge of fraud at BLMIS, or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS.

287. Charts setting forth the Rye Portfolio Limited Initial Transfers are included as Exhibits J and K. The Rye Portfolio Limited Initial Transfers were and continue to be customer property within the meaning of SIPA § 78fff(4).

6. Subsequent Transfers From Rye Portfolio Limited to Guernroy

288. Prior to the Filing Date, Rye Portfolio Limited subsequently transferred a portion of the Rye Portfolio Limited Initial Transfers to Guernroy. Based on the Trustee's investigation to date, the subsequent transfers to Guernroy total at least \$4,836,009 (the "Rye Portfolio Limited Subsequent Transfers"). A chart setting forth the presently known Rye Portfolio Limited Subsequent Transfers is attached as Exhibit L.

289. The Rye Portfolio Limited Subsequent Transfers are recoverable from Guernroy under section 550(a) of the Bankruptcy Code, and applicable provisions of SIPA, particularly § 78fff-2(c)(3).

290. Guernroy received each of the Rye Portfolio Limited Subsequent Transfers with knowledge of fraud at BLMIS or with willful blindness to circumstances suggesting a high probability of fraud at BLMIS, and/or with knowledge of the voidability of the Rye Portfolio Limited Initial Transfers from BLMIS.

291. The Rye Portfolio Limited Subsequent Transfers in each case represent redemptions of equity interests by Guernroy as a shareholder in Rye Portfolio Limited. Because Rye Portfolio Limited invested all or substantially all of its assets into the BLMIS Ponzi scheme, Rye Portfolio Limited was insolvent when it made the Rye Portfolio Limited Subsequent Transfers to Guernroy upon redemption of its interests.

292. The Fairfield Sentry Subsequent Transfers, the Rye Broad Market Subsequent Transfers, the Rye Prime Fund Subsequent Transfers, and the Rye Portfolio Limited Subsequent Transfers together constitute the Transfers, as defined above.

293. The facts supporting this action give rise to equitable tolling because the Ponzi scheme perpetuated by BLMIS was concealed and was not reasonably discoverable by at least one unsecured creditor of BLMIS before the Filing Date.

294. The Trustee's discovery and investigation is ongoing, and the Trustee reserves the right to: (i) supplement the information on the initial and subsequent transfers discussed above, and any additional subsequent transfers; and (ii) seek avoidance and recovery of such transfers.

COUNT ONE
RECOVERY OF SUBSEQUENT TRANSFERS
11 U.S.C. §§ 105(a) AND 550(a)

295. The Trustee incorporates by reference the allegations contained in the previous paragraphs of this Amended Complaint as if fully rewritten herein.

296. The Transfers are recoverable from Defendants under 11 U.S.C. § 550(a) and 15 U.S.C. § 78fff-2(c)(3).

297. Defendants are immediate or mediate transferees of the Transfers from Fairfield Sentry and the Rye Select Funds.

298. Each of the Transfers was received by the applicable Defendant at a time when Defendant knew of fraud at BLMIS or was willfully blind to circumstances suggesting a high probability of fraud at BLMIS.

299. As a result of the foregoing, pursuant to 11 U.S.C. §§ 105(a) and 550(a), and 15 U.S.C. § 78fff-2(c)(3), the Trustee is entitled to a judgment against Defendants: (a) recovering the Transfers, or the value thereof, from Defendants for the benefit of the estate of BLMIS; (b)

directing Defendants to disgorge to the Trustee all profits, including any and all retrocession fees, incentive fees, or other compensation and/or remuneration received by Defendants related to, arising from, or concerning the Transfers; (c) recovering attorneys' fees and costs from Defendants; and (d) awarding any other relief as the Court deems appropriate.

WHEREFORE, the Trustee respectfully requests that this Court enter judgment on Count One in favor of the Trustee and against Defendants as follows:

a) Recovering the Transfers, or the value thereof, from Defendants for the benefit of the estate;

b) Directing Defendants to disgorge to the Trustee all profits, including any and all retrocession fees, incentive fees or other compensation and/or remuneration received by Defendants related to, arising from, or concerning their respective Transfers;

c) If Defendants challenge the avoidability of the Fairfield Sentry Initial Transfers, the Rye Broad Market Initial Transfers, the Rye Prime Fund Initial Transfers, or the Rye Portfolio Limited Initial Transfers, the Trustee seeks a judgment under Fed. R. Bankr. P. 7001(1) and (9) declaring that such transfers are avoidable pursuant to SIPA §§ 78fff(b) and 78fff-2(c)(3), 11 U.S.C. §§ 105(a), 544(b), 547, 548(a), 550(a) and 551, the NYDCL, the New York Civil Practice Law and Rules (McKinney 2003), and other applicable law;

d) Awarding the Trustee attorneys' fees and all applicable interest, costs, and disbursements of this proceeding;

e) Awarding the Trustee prejudgment interest from the date on which the Transfers were received by Defendants; and

f) Granting the Trustee such other, further, and different relief as the Court deems just, proper, and equitable.

^[1] Although BLMIS Customer Statements reflect that a larger transfer was made into the account on this date, a portion of the "transferred" funds consisted of fictitious profits which were never achieved and thus could not have been transferred. Accordingly, only the principal remaining in the originating account was transferred into this account on this date.

^[2] Although BLMIS Customer Statements reflect that funds were transferred into this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred into the account on this date. Accordingly, the account balance has remained unchanged.

^[3] Although BLMIS Customer Statements reflect that funds were transferred out of this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred out of the account on this date. Accordingly, the account balance has remained unchanged.

^[4] Amounts withheld from account holders and paid by BLMIS to the IRS on behalf of account holders during the six-year period prior to the filing date have not been deducted from the balance of principal as those amounts have subsequently been refunded by the IRS.

^[1] Although BLMIS Customer Statements reflect that a larger transfer was made into the account on this date, a portion of the "transferred" funds consisted of fictitious profits which were never achieved and thus could not have been transferred. Accordingly, only the principal remaining in the originating account was transferred into this account on this date.

^[2] Although BLMIS Customer Statements reflect that funds were transferred into this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred into the account on this date. Accordingly, the account balance has remained unchanged.

^[3] Amounts withheld from account holders and paid by BLMIS to the IRS on behalf of account holders during the six-year period prior to the filing date have not been deducted from the balance of principal as those amounts have subsequently been refunded by the IRS.

BLMIS ACCOUNT NO. 1FN01230 - FAIRFIELD SENTRY LIMITED C/O FAIRFIELD GREENWICH GROUP
Proposed Amended Complaint Pg 138 of 187

⁽¹⁾ Although BLMIS Customer Statements reflect that a larger transfer was made out of the account on this date, a portion of the "transferred" funds consisted of fictitious profits which were never achieved and thus could not have been transferred. Accordingly, only the principal remaining in the account was transferred out of the account on this date.

⁽²⁾ Although BLMIS Customer Statements reflect that funds were transferred out of this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred out of the account on this date. Accordingly, the account balance has remained unchanged.

⁽³⁾ Although BLMIS Customer Statements reflect that funds were transferred into this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred into the account on this date. Accordingly, the account balance has remained unchanged.

^[1] Although BLMIS Customer Statements reflect that a larger transfer was made out of the account on this date, a portion of the "transferred" funds consisted of fictitious profits which were never achieved and thus could not have been transferred. Accordingly, only the principal remaining in the account was transferred out of the account on this date.

^[2] Although BLMIS Customer Statements reflect that funds were transferred out of this account on this date, these funds consisted entirely of fictitious profits which were never achieved and thus no funds were actually transferred out of the account on this date. Accordingly, the account balance has remained unchanged.
